TOWN BOARD MEETINGS

Selectmen

Meets every Tuesday at 7:30 p.m. in the Town Hall.

Finance Committee

Meets Mondays and Thursdays, seasonal, in the Library.

School Committee

Meets on the first and third Mondays at 7:30 p.m. at Stone School.

Planning Board

Meets every second and fourth Thursdays at 8:00 p.m. in the Town Hall.

Board of Health

Meets on the first and third Tuesdays at 7:30 p.m.
at Board of Health Office in basement of Town Hall.

Sewer and Water Commission

Meets every second and fourth Wednesday at 7:30 p.m. in the Town Hall.

Board of Appeal

Meets on the first and third Wednesdays at 8:00 p.m. in the Town Hall.

Personnel Board

Meets on the first and third Mondays at 7:30 p.m. in the Town Hall.

Board of Assessors

Meets every Wednesday from 7:00 to 8:30 p.m. in the Town Hall.

Library Trustees

Meets on the third Monday (except July & August) at 7:30 p.m. in
the Main Library on Common Street

Housing Authority

Meets on the first Monday (except May) at 7:30 p.m. at the Housing
for the Elderly Project, No. 9 Neponset View Terrace.

Conservation Commission

Meets on the first and third Wednesdays at 7:30 p.m. in the Town Hall.

Industrial Commission/IDFA

Meets every second Tuesday at 8:00 p.m. in the Town Hall.

Council on Aging

Meets on the fourth Thursday at 7:30 p.m. at lower Blackburn Hall.

Recreation Committee

Meets on the first Wednesday at 8:30 p.m. in the Directors
Office, downstairs, Town Hall.

Historical Commission

Meets on the fourth Tuesday (except July, August & December)
at 7:30 p.m. at Lewis House.

WALPOLE AT A GLANCE

SETTLED:	1659
INCORPORATED;	1724
POPULATION:	18,462
REGISTERED VOTERS:	11,065
SINGLE FAMILY DWELLINGS:	4,895
AREA:	Approximately 20.09 Square Miles
ELEVATION:	200 feet above sea level
LOCATION:	19 miles south of Boston, 26 miles north of Providence on Routes 1, 1-A and 95
VALUATION:	Approximately \$144,877,000 (excluding motor vehicles)

MUNICIPALLY OWNED WATER PLANT AND SEWER SYSTEM

TAX RATE:	\$69.50
MOTOR VEHICLES REGISTERED:	Approximately 18,000
PARKS:	Memorial and Francis William
SCHOOLS:	Eight (5 Elementary, 2 Jr. High, 1 Sr. High)
CHILDRED UNDER 17:	4,951
FORM OF GOVERNMENT:	Representative Town Meeting
TRANSPORTATION:	Bus & Train Service to Boston & Providence

BOARD OF SELECTMEN

The year 1980 saw the return of Frank A. Farinacci and John F. Campbell to the Board of Selectmen. At the reorganizational meeting in May, Clifford E. Barnes, Jr. was elected Chairman and Alan D. Rockwood was elected Clerk.

The Board spent a very busy year on contract negotiations. All bargaining units except the Town Hall Clerical unit are operating under current contracts. The Clerical contract is near settlement.

The Solid Waste problem still plagues the Town. A hard-working Solid Waste Study Committee has continued to work on this problem and with funds appropriated at Town Meeting will work with a consultant on a transfer station study. The Committee has also worked with the 128 West Resource Recovery Council and plans look promising for a refuse recovery site in Plainville.

A proposal for a 345 Kv transmission line by Boston Edison caused many citizens concern with its effects on human beings and on the environment. Studies are still being made on the installation of this transmission line.

During the year the Board made many committee appointments. The sincere thanks of the Selectmen go to those people who have volunteered their time and efforts on behalf of the Town. Without the endless hours put in by these people, the Town could not function.

The Downtown Revitalization Project was ongoing. Implementation of this project will take place over the next five years.

At Town Meeting funds were appropriated to purchase land to be used in conjunction with the establishment of a YMCA. The Town will be happy to welcome a permanent "Y" in Walpole for the use of the citizens.

In July the Board appointed Philip H. Macchi as Interim Town Counsel to provide legal services when Town Counsel was not available. The office of Town Counsel handled many legal problems over the year, and it was with very deep regret that the Board accepted the resignation of Alphonse W. Query, Jr. as Town Counsel in December. Mr. Query's many years of service to the Town were greatly appreciated and his expertise will be missed.

In November the passage of Proposition 2½ made sweeping changes in the operation of municipal government in Massachusetts. This proposition brought a reduction in excise and real estate taxes and eliminated school autonomy and last-best offer arbitration for police and fire departments. With the reduction in the amount of money that can be raised by the cities and towns, many cuts will have to be made in government spending. All departments have worked hard on budget cuts to comply with 2½. Fiscal year 1981-82 will prove to be a challenging one for local government and only time will tell what lasting effects 2½ will have.

My thanks go to Nancy McGrath and Jean Golden of the Selectmen's office for their assistance during the year and to all town employees in responding to the Town's needs. A special thanks goes to Town Administrator Jim Mello who in his first year as Town Administrator has handled many difficult problems with patience, dedication and professionalism.

Lastly my thanks to my fellow Board members who have served through a very long and arduous year.

WALPOLE SELECTMEN, seated left to right, Alan D. Rockwood, Clifford E. Barnes, Jr., James P. Ginley, standing Frank A. Farinacci, John F. Campbell.

TOWN ADMINISTRATOR

The year 1980 was an extremely active one for the Town Administrator's office. In addition to the broad managerial functions of ensuring that Town policies are implemented, preparing reports for the Board of Selectmen to assist in their decision-making process and performing such Charter-related duties as budgeting, central purchasing and personnel management, this office has been involved in a number of significant projects. Most of these activities were directed at reducing the costs of municipal services or providing these services in a more effective manner.

The primary issue which has occupied much of the time and resources of this office has been assessing the local impact of Proposition 2½ and recommending a sound, professional approach to the implementation of this law to provide for the continuation of essential governmental services. Proposition 2½ affects several aspects of local government finances and operations. In summary, Proposition 2½ would require a reduction of property taxes to 2½ per cent of a community's equalized value and would limit annual tax levy increases to 2½ per cent of the prior year's levy. The law reduces the automobile excise tax from \$66/1,000 of valuation to \$25/1,000. It abolishes fiscal autonomy as it pertains to School Committees and repeals those sections of State law which require binding arbitration in collective bargaining with Police and Fire unions. In addition, the approved referendum allows for renters' deductions on the State Income Tax, limits increases in assessments by Counties, Districts or other Authorities to Towns to 4 per cent over the previous year's assessments and limits the State's authority to mandate new programs at the local level without providing adequate funds to implement them.

Although the new law has many different facets and has not been tested as this year closes, it appears that the Town of Walpole will be required to reduce its current FY 81 budget of \$19,598,000 to \$17,375,000 in FY 82. This \$2.2 million reduction represents an average cut of about 11.5 per cent in total appropriations which could be worsened by the prospect of a \$765,000 shortfall in FY 81 revenues due to the reduction in the motor vehicle excise tax rate. Budget formats and procedures had to be changed to address the realities of a reduced level of services necessitated by the approval of Proposition 2½. Despite runaway inflation during the past four years, the Town's tax rate has either remained steady or declined. I believe this is an indication of the success Town Government has had in controlling the cost of municipal services. Still, Department Heads and other employees have been mandated by the overwhelming passage of this tax-limiting measure by the communities to continue their efforts to reduce costs. With their help, the implementation of Proposition 2½ will take place with a minimal amount of disruption and provide the best possible mix of services given the available resources to fund them.

Labor relations and contract negotiations continue to be an ongoing function of this office. I am pleased to report that for the

first time in many years the Town is current on all its labor contracts. In March, a contract with the Department of Public Works Bargaining Unit, AFSCME - Local 1957, was settled for the period from July 1, 1978, through June 30, 1980, after negotiations were reopened just prior to the case being submitted to factfinding. This particular contract involved two years of meetings before it was resolved. The contract with the Police Union, IUPA (AFL-CIO), Local 115, for the period from July 1, 1979, through June 30, 1982, was settled in July of this year by binding arbitration. In accordance with State law, the Joint Labor-Management Committee took jurisdiction of the matter after nearly 18 months of negotiations and mediations ended in an impasse. The award allows the contract to be reopened in the third year for the sole purpose of negotiating wages and/or reduction in the vacation schedule. The Clerical Bargaining Unit, AFSCME, Local 1957, and the Town reached a contract agreement in December for the period from July 1, 1980, through June 30, 1983, after a two-day mediation session prior to the commencement of the factfinding process. This particular contract involved nearly a year of negotiation.

It appears that the intense involvement of the Assistant Town Administrator and myself in the collective bargaining process will continue, as three contracts expire and one is subject to a reopener clause in 1981. We will continue to approach this aspect of personnel management in a professional manner and attempt to reach agreements that are equitable and in the long-range best interest of the Town.

The Town realized some positive results in the area of State and Federal grants in 1980. In October, the Town was awarded a \$308,000 grant for the construction of sewer laterals in three neighborhoods in the community. The funds awarded by the State Water Resources Commission constitutes 40 per cent of the construction cost to service the East Street - Plimpton Street area, the Robbins Road - Haynes Street area, and the Brown Drive - Oak Hill Drive neighborhood. The Town's portion of this project was authorized in October, 1979. In January, the Town became eligible for a reimbursement grant for up to 30 per cent of the original construction cost of the Harold E. Willis Water Treatment Plant. Although a final award has not been made, it appears likely that the Town will receive close to \$200,000 over the next several years as a result of participating in this program. During the past year, the Town has received approximately \$5,750 in funds from the State Executive Office of Energy as a 50 per cent reimbursement for its energy conservation activities (i.e., energy audits). This amount will increase in 1981 as the Town begins to perform more in-depth technical energy studies of the East Junior High School, Town Hall and Police/Fire Station.

The Office of the Town Administrator has attempted to improve the delivery of support services to other Town departments during 1980. These improvements have either reduced costs and/or improved their efficiency. The photocopier located at the Town Hall which had been leased was purchased in January, 1980, with an 18-month payback period at which point monthly savings to the Town will accrue. In August, the telephone system of the Town and School was centralized and significantly upgraded at a net savings to the Town. A computer system was installed at the new centralized fuel depot at the D.P.W. garage which will monitor fuel consumption of all Town vehicles by department and driver. Finally, it should be noted that several improvements to the Central Purchasing System have been made which have resulted in an increase of bidding activity reducing costs of goods and services to the Town. Mr. James Conroy, Assistant Purchasing Agent, in cooperation with the School Department, has also been able to significantly reduce the printing costs of the Town by further utilization of the School's Media Services.

Walpole experienced a mixed degree of success in the area of economic development in 1980. This fall, Corning Medical of Corning, New York, held a grand opening of its new manufacturing facility on Coney Street at Route I-95. Bird-Johnson held a groundbreaking ceremony for the expansion of its industrial plant on Norfolk Street. Not only will these facilities increase the assessed valuation of the Town, but additional jobs will be brought to Walpole. A committee to study and plan for the revitalization of the Town center has received the active support of the Chamber of Commerce, Downtown Merchants Association, Town Boards and the community at large. A grant in the amount of \$85,000 was awarded by the Metropolitan Area Planning Council. This award was matched by \$6,000 from the Kendall Fund under the stewardship of the Planning Board and \$6,000 was raised by private donations in the Community. The MAPC Staff has provided useful assistance in the areas of market analysis, traffic and parking control, landscaping and land use. The Committee is expected to make a presentation to the Town in the spring of 1981, which will outline a course of action for the next several years to strengthen the vitality of the Central Business District. Against these positive occurrences, one must note the closing of the Bird & Son Box Plant in East Walpole.

The loss of this facility and the associated jobs was a serious economic setback to the Town. As the year ends, the factory is being demolished and it is hoped that this parcel can be redeveloped in the near future.

There are two matters of importance which received attention during 1980 that remain unresolved. The study of the Town's Municipal Space Needs was completed and proposals for a new Police facility were made at the Spring Annual Town Meeting. The article failed to receive the two-thirds majority necessary for passage, and no further action was taken to implement the recommendations of this study. In December, an Ad Hoc Committee appointed by the Board of Selectmen was formed to deal with the disposal and/or alternative use of various Town-owned buildings. The Committee met several times prior to the end of the year, and a new set of recommendations is expected early in 1981 for consideration by the Town Meeting. The Solid Waste Advisory Committee continues to work on the complex problems and issues associated with the collection and disposal of solid waste. Engineering funds were approved by the Town Meeting in October to study the feasibility and design of a new transfer station to replace the "temporary" facility located at the landfill site on Lincoln Road since the fall of 1978. Proposition 2½ will require a very close review of the cost of this service to determine where savings could be effected. The Committee hopes to present recommendations on this issue to the Board of Selectmen in the spring of 1981.

In closing, I would like to express my appreciation to the Board of Selectmen and other Town bodies for the support and confidence placed in me during the past year. I am painfully aware of the many critical issues yet to be resolved or addressed. With the much valued support of my staff and other Town employees, I look forward to my continued service to the community in what appears to be a challenging new year.

POLICE DEPARTMENT

An increase in crime statistics are once again recorded throughout the United States for the year 1980. This is especially so in the areas of crime considered more serious, such as robbery, assault, burglary and various larcenies.

The Walpole police statistics reflect both an increase in some criminal activity and a decrease in others. There was an increase in the dollar value of the property reported stolen.

As in past years, ongoing training programs were made available for officers, both on a mandatory and voluntary basis. All officers performed their various police duties in a most commendable and efficient way. Traffic control and enforcement for the most part was successful. Court cases were handled efficiently and in a professional manner. The ambulance service continued to maintain its excellent record.

We were all touched by the passing of Mary Murray, one of our School Traffic Supervisors. She was a conscientious and dedicated worker and we remember her with sincere fondness.

We wish to thank the various town departments for their assistance and of course, the citizens of the community for their support.

Five new patrolmen were appointed to fill vacancies that existed. We certainly extend our welcome to these men and wish them all the success and best wishes for the future:

Patrolman James H. Waldron, Jr.	Patrolman Richard E. Ryan
Patrolman Warren P. Goodwin	Patrolman William F. Bausch
Patrolman Robert E. Anderson	

All of the above officers successfully completed a twelve week basic recruit training program at the Waltham Municipal Police Training Academy.

CRIME STATISTICS 1980

<u>Description</u>	<u>1979</u>	<u>1980</u>
Arrests	341	253
Protective Custody	234	162
Robbery	10	5
Rape	2	4
Breaking and Entering	219	217
Larceny	455	459
Motor Vehicle Reported Stolen	181	152
Motor Vehicles Recovered	108	96
Assaults	39	35
Homicide	1	0
Arson	19	13
Malicious Damage to Property Reported	377	327
Motor Vehicle Accidents	537	492
Fatal Accidents	2	2
Motor Vehicle Citations Issued	1,231	3,458
Ambulance Calls	502	447
Sudden Deaths	10	14
Value of Property Stolen	\$893,724	\$1,264,017
Value of Property Recovered	\$334,314	\$ 434,607

Monies returned to the Town of Walpole because of police activities in various areas:

Court Fines Returned	\$ 57,381.30
Ten Percent Service Charge on Outside Details	\$ 8,738.68
Ambulance Billing	\$ 27,612.00

School Traffic Supervisors

Angela Mahoney	June McCarthy	Janet Farretta
Louise Stapleton	Mary Tarchea	Helen Parlon
Elizabeth Butler	Mary Hayward	Lorraine Headd
Kathleen Delaney	Lillian Macomber	Doreen Fruci
	Ida Kelliher	

Medical Technician	- Edward Peatfield
Secretary	- Jean Fontes
Police Matron	- Janet Farretta

ANIMAL CONTROL OFFICER

There has been a vast improvement since the Leash Law went into effect in 1977. All the main streets are clear of stray dogs with the exception of a few that break loose occasionally, and I am pleased with the general cooperation of the townspeople.

In this coming year one of my priorities will be to enforce the Leash Law late at night and early in the morning.

I can say with great pride that:

1. I have licensed more dogs in Walpole than any other town in the Commonwealth of Massachusetts that has the same population.

Licenses not only bring revenue to the town and to the county, but also save the dog owners money.

2. I have been instrumental in ridding our town of dogs that have been biting the children and citizens, therefore reducing the number of dog bites per year.

If you check the statistics against previous years, you will see there is a reduction in all the nuisance categories.

Even with Proposition 2½, my goal is to make the Town of Walpole more pleasant and safe for children, citizens and the people that visit or pass through our town by more enforcement of the Leash Law. I aim to license all the dogs in Walpole and am reducing my budget as much as possible even with the inflation rate increasing. My goal is better service for less tax dollars.

ANNUAL REPORT FOR THE YEAR 1980

Lost Dogs	167
Strays Picked Up	152
Dogs Claimed by Owners	119
Dogs Sold	29
Dogs Destroyed	0
Dog Bites	49
Signed Complaints	108
Citations Issued	68
Complaints Received and Answered	1,358
Calls Made by Animal Control Officer	2,094
Total Calls Received and Answered	2,608
Enforcement (Dogs Caused to be Licensed)	2,126
Kennel 71	
Kennels Inspected	93

FIRE DEPARTMENT

The fire department has a total of forty-seven officers and men. Thirteen are permanent and thirty-four are call men. The permanent men are divided into four groups of three, which include one Lieutenant and two firefighters on each group. These groups work at the central fire station and provide coverage seven days a week, twenty-four hours a day. The call men and the off-duty permanent men respond on audible alarms to complete the emergency response team. This concept works very well in our town and the main reason why it does is the interest and enthusiasm shown by all the members of the department.

The department fire investigation, inspection, apparatus and equipment maintenance, and public education programs have been active during the year. A new program has been added this year which includes inspection, testing, and recharging when necessary all portable fire extinguishers in all town-owned buildings.

During the year, the following men have resigned from the department for various reasons:

John Nuse
Russell Mattson

Victor Delmar
John Fitzpatrick
Joseph Farrell

Terrance Hogan
Lawrence MacDougall

Captain Edward F. Bannon retired from the department on September 1, 1980, after completing thirty years of service. He was appointed to the department in 1950. He was raised to the rank of Lieutenant in 1967, and to Captain in 1971. He was a very active and valuable member of the department and will certainly be missed by all.

A new aerial ladder truck was delivered to the department on February 27, 1980. This truck replaces a 1962 aerial ladder truck at central station.

We had a total of 1320 alarms for the year which breaks down as follows:

Accidental/Faulty Alarms	44
Appliances	6
Animal Rescue	6
Assist People	8
Assist Police	71
Arcing/Downed Wires	4
Boiler/Furnace Problems	11
Bomb Threats	4
Bonfires/Campfires	51
Brush, Grass, Woods, etc.	380
Chimney Fires	14
Dumpsters/Trash	47
Dwellings	5
Electrical Investigations	13
False Alarms	91
Frozen/Broken Pipes	3
Gas Investigations	15
Illegal Burning	13
Investigations	61
Lightning	2
Lockouts	29
Miscellaneous	117
Mutual Aid Given	13
Needless	89
Open Hydrants	6
Other Buildings	31
Permit Fires	25
Rubbish/Trash	30
Smoke Investigations	12
Sprinkler/Water Problems	13
Stove/Oven Fires	10
Sign Fires	5
Various Problems at Manufacturing Plants	19
Vehicle Fires/Problems	46
Washdowns	26

Of this total, 923 were still alarms and 397 were audible alarms. Of the 397 audible alarms, 222 were squad calls, 173 were box alarms, and two were no school alarms.

FIRE ALARM MAINTENANCE

The Fire Alarm Maintenance continued this year with the usual box testing, pole line maintenance and repair, radio servicing and a limited amount of tree trimming. The required circuit testing was performed on a daily basis and proper records were maintained of all tests and department operations.

Five new master fire boxes were added to the system this year, and provide automatic notification to the fire department from the establishments listed below.

- Box 314 - Blackburn Memorial Hall, Stone Street
- Box 3913 - Pumping Station Complex, Washington Street
- Box 843 - Longview Farm Treatment Center, Lincoln Road
- Box 6941 - Corning Medical Products, Coney Street
- Box 4252 - Fish Chemical Company, Industrial Park Road

BOARD OF HEALTH

1980 saw fairly active new home building starts and consequently the usual work in the area of soil testing for determining suitability for on-site septic systems. A total of 46 septic permits were issued and 17 repair permits.

Once again it was a year of relative calm as far as serious health problems were concerned. We experienced our share of flu and pneumonia during the Fall and Winter months, but nothing out of the ordinary.

While many of our neighboring towns were forced to close wells due to contamination, we were fortunate in avoiding such action. Our chief complaint is rusty water and even that seems to be on the wane. Drinking water samples are taken weekly from six distribution points throughout the town and, to date, all have been found to be completely acceptable and meet U. S. Public Health Drinking Water Standards.

With so much attention being focused on hazardous waste, much close scrutiny has been given this area as it is of great concern to all of us. All of the potential sources of hazardous waste have been investigated and found to be in compliance. We can all participate in this endeavor and practice good safe handling of all potentially dangerous materials (paints, solvents, insecticides, etc.). Commercial septic tank cleaners should be avoided wherever possible since ground water contamination has been traced to these grease solvents. Contact your Board of Health for advice as to alternate cleaning procedures.

The two town pools and central wading pool were well attended during the hot summer months, as can be seen in the picture below and thanks to good sanitary practice (chlorination, filtration, etc.), the incidence of waterborne illness was kept to a minimum.

Immunization clinics were held by the Visiting Nurse Association as well as blood pressure screening and lead poisoning testing.

VISITING NURSE ASSOCIATION

Suzanne P. Bassett, President
Janet R. Macchi, Vice President

Janice D. Varney, Secretary
Eleanor M. Harding, Treasurer

Kathleen M. Hallee, R.N., B.S., Administrator/Supervisor
Kathleen M. Hanssen, R.N., B.S., Team Leader
Virginia L. Forbes, R.N., Staff Nurse
Patricia A. Grugnale, R.N., B.S., Staff Nurse
Lorraine L. Quinlan, R.N., Staff Nurse
Christie A. Shoop, R.P.T., Staff Physical Therapist
Christine C. Gould, R.P.T., Contract Physical Therapist
Rita A. Krolak, R.N., B.A., M.S.N., Coordinator Maternal Child Health
Diann Goldstein, B.S., M.A., S.P., Contract Speech Therapist
Nancy Swift, Staff Home Health Aide
Helen L. Mulroy, Office Manager
Barbara J. Goodwin, Secretary
Edna M. Rafuse, Clerk

Resigned in 1980

Ann M. Clark, R.N., M.S., Administrator
Bette Ellen Gladstone, R.N., Staff Nurse
Colleen L. Anderson, Office Manager

1980 marked the seventy-first year health services were delivered to the community by the Walpole Visiting Nurse Association. The number of people receiving care from our service staff was increased by almost 50%. Our statistical review of visits, found at the end of this report shows the numbers. The increase over last year's productivity is an increase of 41% in professional services and 53% in home health aide services. This year was the first full year during which we provided extended hours. This allowed us to serve the community from 8:00 AM to 9:00 PM, seven days a week. We also continued our office hours on Monday, Tuesday and Friday from 9:00 - 10:00 AM.

The Walpole Visiting Nurse Association continues to provide, as a patient care team, skilled nursing care and other therapeutic services such as physical therapy and speech therapy, as well as Home Health Aide services in the home to the residents of Walpole and our neighboring community, Sharon. The patient is the central figure when planning the programs and goals of a Home Health Agency. The VNA can provide intermittent care to a sick person at home, but the major responsibility for the on-going care falls on the patient and his/her family. We wish to thank the families of our patients without whom we could not successfully carry out our daily activities in caring for our patients.

More and more we are caring for terminally ill patients at home and it has become apparent that aid to the family in maintaining the patient at home is a most important support. To this end, we have sent a letter of intent to the Pondville Hospice Collaborative with the goal of working with Pondville to provide services, coordinated by them, to be carried out in the homes of Walpole residents. Again, our patient care team of professionals and home health aides will provide these services.

We were able to provide many of the hours of home health aide this year with our own aide, Nancy Swift. We will be adding more staff in this category in the very near future. In the meantime, much of our aide service continued to be provided by Norfolk Bristol Home Health Services, Inc., through contract. A new contract signed this year was with Easter Seal Rehabilitation Services to provide us with a speech therapist. We continue to contract privately with Christine Gould, a registered therapist for visits over and above those made by our own staff therapist, Christie Shoop.

We have maintained our affiliations with various other local and community organizations including Project Face, the Council on Aging, King Philip Elder Services, the Norfolk Day Activity Center for the Elderly, the Salvation Army, the American Red Cross, the Norfolk Mental Health Association, as well as the Southwest Metro Health Council and the Massachusetts Association of Community Health Associations (MACHA). We held two Cancer Screening sessions at Pondville this year and participated in the Norwood Hospital's Annual Health Fair.

The services which are provided by our agency through a contract with the Board of Health enable us to fulfill our commitment to the community to deliver health promotion and disease prevention services on an on-going basis. Included are the many clinics held throughout the year. We have changed the day and the time of the Geriatric Clinic this year; it is now held on Mondays at 1:00 PM. We have changed the format of clinic on the last Monday of the month. We have initiated a teaching session to better meet the individual needs of our clinic patients. One of the major purposes and objectives of these clinics is to indicate the amount of follow-up teaching and medication monitoring, which the nurses will have to accomplish after assessing the results of the clinics. The number of patients attending other clinics such as Diabetes, Flu Prevention, Hypertension, Cancer Screening, etc., either remained constant or increased, indicating a continuing need for such community services.

A key function performed through our Board of Health Contract has always been the program of visiting newborn infants for health teaching and supervision of new mothers. This year we have expanded that program through a matching grant from Bird Companies Charitable Foundation, which has allowed us to establish a Maternal and Child Health Project. This was initially planned as a project addressed only to adolescent pregnancies, but has since expanded to include Lamaze childbirth education classes open to all expectant parents in the community and to expand in general, the scope of the agency's total maternal and child health program. Rita Krolak, our Maternal and Child Health Project Coordinator has been a welcome addition to the agency this year and we are sure the Project will achieve its goals under her capable guidance.

Our health equipment loan program continues to fulfill a need in the community, especially for those who cannot obtain equipment through Medicare or other insurance programs. We thank all those who have contributed to our "loan closet".

We also wish to thank those people and organizations in the community who chose our agency as a liaison between themselves and needy patients and their families during the holidays. Many individuals and families were much happier due to your kindnesses.

Many agencies and individuals worked closely with us in attaining our increased service record this year. We wish to thank them for their interest and assistance and look forward to working with them in the future.

The staff, the Board and their Committees have worked diligently and effectively toward the attainment of increased and improved services. Their commitment and willingness to work for the advancement of quality care has provided us with this opportunity for improvement.

Last, but by no means least, we would like to thank four former members of our staff, who have served us just as diligently this year. They are, Ann M. Clark, Administrator, Colleen Anderson, Office Manager, Bette Gladstone, Staff Nurse, who have resigned to pursue other personal career goals; and M. Eleanor (Podgie) Weissent, our loyal and dedicated nurse for over twenty-four years, who retired this year to what we are sure will be just as busy a life-style helping others in the community of Walpole. We wish you all a fond adieu and great success in your new endeavors.

STATISTICS - 1980

Total Visits	5720
Public Health & Nursing (Incl. Maternal Child Visits)	1175
Therapeutic Nursing	3768
Physical Therapy	719
Speech Therapy	58
Home Health Aides	2948 Visits 6351 Hours

<u>Clinics</u>	<u>Sessions</u>	<u>Patients</u>	<u>Visits</u>
Geriatric	41	153	623
Teaching Clinics	4	17	17
Hypertension	4	155	
Cancer Detection (Breast)	1	58	
Cancer Oral	1	24	
TB Mantoux Testing	5	47	94
Flu Prevention	2	446	
Pneumonia	2	65	
Child Immunization Lead Detection	3	5	
Diabetes	2	32	

COUNCIL ON AGING

The Council on Aging has had a productive year. Through King Philip Elder Services, a legal service for citizens sixty years and older with no income eligibility was established. In June 1980, the program of home delivered meals was established. Over thirty meals were delivered daily by caring and dedicated volunteers. Since July, an average of forty seniors daily enjoy dinner at the Center at Blackburn Hall. The "Young at Heart" van is available to those without transportation for meals at the Center, medical appointments and shopping at the Mall on Tuesdays. This past year the van travelled 7,669 miles, within a ten mile radius and transported 3,556 people. The van is the lifeline for seniors. It was originally donated to us by Rodman Ford,

who generally serviced it for the past five years. This year ownership was transferred to the Town of Walpole's Council on Aging.

The presence of a Coordinator has brought increasing vitality to the Center. About 55 telephone calls are received weekly from seniors or family members requesting information about services, activities and programs. A monthly newsletter is now sent to 2,400 senior citizens. The financing is made possible through the interest and generosity of "Friends of the Walpole Council on Aging".

The formation of an Intergenerational Club at the High School has given impetus to our Outreach Program in a joint effort with King Philip Elder Services and Self-Help of Brockton. Over one hundred senior citizens received fuel assistance during the winter months.

The Visiting Nurse Association continued to provide a weekly Health Promotion and Disease Prevention Program at the Center.

Seniors are encouraged to take advantage of the Vial of Life Program.

The Senior Citizens Club provides many social and recreational activities, including trips.

The vivacious and enthusiastic attitude of Melissa Hubbard, the Coordinator, encouraged the seniors to participate in the programs and activities as they became available. Unfortunately, due to increasing family responsibilities, Mrs. Hubbard found it necessary to resign. The Council was then fortunate to obtain the services of Mrs. Barbara P. Foley, who is a most capable replacement.

DEPT. OF VETERANS' SERVICES

The Veterans' Services Office has had a busy 1980. Our Benefit Program, which we feel is the most important activity of this office, assisted 18 Veterans and their families in the amount of \$11,915.40 under Chapter 115 of the General Laws.

Assisting Veterans and their dependents in obtaining Federal Benefits is another important function of this office. These services include filing applications for Widows & Childrens Pensions, Burial Allowances, Service Connected Compensation, Non-Service Pensions, Grave Markers, Change of Address, Annual Income Questionnaires, Education and Vocational Benefits, Insurance Claims and Home Loans.

The Department of Veterans' Services has participated in the Fuel Assistance Program for low income families for the second consecutive year.

It is anticipated that, with rising unemployment and the passage of Proposition 2½, 1981 will find an increase in the workload of the Department of Veterans' Services.

NORFOLK COUNTY MOSQUITO CONTROL

The Operational Project Program integrates all proven technologies into a system of mosquito control that is rational, safe, effective and economically feasible.

All mosquito eggs need water to hatch and to sustain larval growth.

Source Reduction Work: Our primary efforts are concentrated on the drainage of shallow, standing, stagnant water and the maintenance of existing flow systems which contribute to mosquito breeding sources.

Drainage ditches cleaned	7116 feet
Brush obstructing drainage cut	1755 feet
Culverts cleaned and opened	19 count
Drainage constructed or improved by machine	810 feet

Larviciding: Treatment of mosquito larvae during aquatic development is the next most effective control effort.

Aerial applied larvicide	840 acres
Larvicide by backpack and mistblowers	260 acres

Adulticiding: The suppression of flying adult mosquitos becomes necessary when they are numerous, annoying or threatening to residents.

Adulticide mistblowing from trucks	6550 acres
Adulticide U.L.V. from trucks	6791 acres
Catch basin application. Adulticide and larvicide	481 count

Surveys, inspections and monitoring in support of our programs include locating and mapping breeding areas, larval and adult collections and fieldwork evaluations leading to better drainage.

The Project received 194 calls from residents for information and assistance.

HISTORICAL COMMISSION

Our architectural heritage is a significant part of our environment. The Historical Commission continues to monitor Walpole's historical assets.

Because of additional Federal legislation, the process of listing historical districts and local National Register properties has been slow. We are, however, plunging ahead and hope to have our Town Hall listed by its 100th birthday in October. Three districts will be submitted - South Walpole Common; part of Common Street, including the Commons; and Plimptonville.

The Historical Commission has taken an active part in the downtown revitalization project working with the MAPC (Metropolitan Area Planning Council). We think this is an exciting and very ambitious

project for all of Walpole to enjoy.

The question of the Old Stone School has been raised and why the Historical Commission has voted to raze it. "Everything old is not good, and everything new is not bad", is a quote we've heard. The school structure is well documented outside and inside by photographs. To bring this structure back to its true architectural value would cost more than the Town of Walpole could afford at this time. Anyone that has attended the school has fond memories as we all have of our past corridors of education. Mr. Stephen Lind of South Walpole has suggested a tour of the old academy for its former students, and we think it can be arranged. Whatever is placed on the site of the Old Stone School will be under the close control of the Town of Walpole and this Commission, including building design and landscaping. The new structure will be the heritage of this generation.

The history of Walpole is given often to local schools and youth groups.

We continue to investigate old sites. This past summer surveys were completed on a bog ore mine on the Allen property, North Walpole School House, Major Guild's Ice House, and Major Guild's Sluceway, (a lot extending to include a well actually situated on the next property, showing the importance of water rights in the past).

A complete photographic history of the development of the dam in Allen's woods has been prepared. We followed it from the woods to samples of bog iron to pictures of the geological strata as hills were cut away to the finished dam. Did you know there were 5-inch-long mussels in Spring Brook?

We found that "Ye Greate Island" was the hill at the Industrial Park off Route 1A. We learned a brim was the old name for a dam - "filled to the brim".

The Commission has been actively cooperating with the study being conducted by the Dedham Grant Survey of Early Industries. This material will be available for our schools and libraries for valuable reference material.

Continued studies are being made on the original Saw Mill - through Brown University.

The heritage we leave to future generations depends to a great degree on what we plan and do today.

We welcome comments, suggestions, and information from the citizens of Walpole. The Commission meets at 7:30 PM the fourth Tuesday of each month except December, July and August at the Deacon Willard Lewis House library.

CONSERVATION COMMISSION

The Conservation Commission is responsible for protecting and preserving the natural resources of Walpole, with its main efforts directed toward protecting the town's watershed areas. To carry out its responsibilities, the Commission acquires land through gifts or purchase, enforces the Wetlands Protection Act and the Inland Wetlands Act, and coordinates its efforts with other town agencies in the protection of natural resources.

Walpole contains approximately 1,500 acres of protected wetlands and flood plain scattered throughout the town. These areas under the jurisdiction of the Commission are being preserved in their existing state, providing protection to the town's water supply as well as natural flood control.

During the past year the Commission purchased from David Wakefield the "Pinnacle" (14 acres in East Walpole overlooking the Neponset River) plus several smaller plots of land in North Walpole, a total of 37 acres. We are in the process of acquiring a parcel of land next to the Y.M.C.A. land on Mylod Street, as well as Stetson Pond and four small parcels at the rear of the High School. Through the state's Self-Help program, the town received 50% reimbursement on the purchase price of the 42 acre Keyes parcel acquired last year.

The Commission's land holdings are for the purpose of conservation and passive recreation. Trails exist through many of these properties for the enjoyment of hikers, skiers and nature lovers. These trails and the recreation area at Coburns' Pond are maintained yearly. The Allen flood-control dam area will also be available for passive recreation in the summer of 1981.

This year through a special grant we hired a University of New Hampshire Environmental Studies student, Diane Damish, as a Conservation Assistant during the summer to supervise the trail-clearing program.

Trail maps of these areas are available at the Walpole libraries and the Town Clerk's office. The main library also has the Commission's Family Membership card for the Massachusetts Audubon Society available on request.

The Conservation Commission holds public hearings in accordance with the Wetlands Protection Act, Mass. General Laws, Chapter 131, Section 40. This law requires anyone intending to do work which affects the wetlands in any way to contact the Commission for a determination as to whether or not a hearing is necessary, and the conditions under which work may proceed. The Commission inspects all work to determine that the contractor follows the Order of Conditions issued.

The Commission meets regularly on the first and third Wednesdays of the month at the Town Hall, with the public cordially invited.

DEPARTMENT OF PUBLIC WORKS

The Department of Public Works was expanded this year to include a Cemetery Section, headed by Steven Huntress, within the Highway, Park and Cemetery Division. Organizationally, the Department has 64 permanent full-time positions, 5 permanent part-time positions, and 17 temporary seasonal positions. At the close of the year, the Department was staffed with a total of 54 individuals filling the permanent full-time positions (8 salaried, 44 D.P.W. Union, 2 clerical). The Department is headed by Peter Boghossian, Director of Works and Town Engineer; Pasquale Marino is Superintendent of the Highway, Park and Cemetery Division; James Clerici is Superintendent of the Building Maintenance Division; Ralph Roberts is the Sr. Working Foreman of the Sewer and Water Division. Bennett Gove is Superintendent of the Vehicle Maintenance Division; Paul Keane is the Assistant Town Engineer.

A central fuel depot comprised of three new underground fuel storage tanks (total capacity - 26,000 gallons) installed within a concrete vault was constructed at the D.P.W. Yard site. In addition, a highly sophisticated computerized card control system for dispensing the fuel was installed for control and accountability purposes. For the record, it is noted that the total amount of fuel consumed by all D.P.W. vehicles (54) and equipment for the year was 37,566 gallons.

D.P.W. MAINTENANCE DIVISION

The D.P.W. Maintenance Division is responsible for the maintenance and repair of all Town owned vehicles, excluding fire engines. Regularly scheduled maintenance was performed on fifty motorized pieces of public works equipment, five cars assigned to various Town departments, seven police cruisers and one police safety cruiser, an ambulance, a Civil Defense van, a Senior Citizens' van, and two Fire Department cars. Also maintained were the auxiliary engines at the five water pumping stations and the water treatment plant, and all

other miscellaneous D.P.W. equipment including two loaders, sewer rodders, centrifugal and diaphragm pumps, natural gas and diesel engines, portable generators, welders, flail and rotary mowers, rollers, and tractors.

Major repair work performed last year included two engine and valve jobs, one differential overhaul, two clutch jobs, three transmission overhauls, eighteen brake jobs, body repairs and painting to several vehicles, also painting of sanders and plows. Welding repairs were also made on sanders, plow frames and snowplows, side-walk plows, backhoes and loaders. New equipment purchased was inspected for compliance to Town specifications and prepared for operation.

HIGHWAY, PARK, AND CEMETERY DIVISION

The Highway Section is responsible for maintenance of streets, sidewalks, storm drains, traffic signs, and snow and ice control operations. A total length of 6.3 miles of the following secondary roads were prepared and resurfaced with liquid asphalt and stone: Barstow Road, Beacon Street, Bird Street, Brook Street, Charles Street, Eleanor Road, Ellis Street, Everett Street, Flonun Street, Harding Road, Joal Avenue, Morningside Drive, Mylod Street, North Street, North Street Circle, Willett Street, and West Street. Benny Street and New Fisher Lane (both being unaccepted streets) were also surfaced with liquid asphalt and stone with full cost participation from abutting landowners. Portions of the following streets were surfaced with bituminous concrete: Coach Road, Common Street, Eldor Drive, East Jr. High School driveway, High Street, High Plain Street, North Street, Summer Street. Other highway work performed during the year is as follows: mechanical sweeping of all streets, bituminous concrete patching of potholes and utility trenches, and application of approximately 35 miles of pavement markings by contract. Storm drainage maintenance work included the annual cleaning of approximately 1800 catch basins under contract, repairs to 24 catch basins and manholes, rodding of obstructed drain lines and selected ditching work. A total of 235 traffic and street signs were made or purchased and installed. For the record, it is noted that a total snowfall of 22.2 inches was measured in Walpole for this calendar year as follows: January 0.2", February 6.5", March 2.8", November 6.3", December 6.4".

The Park Section maintains more than 100 acres of parks, lawns, and athletic playing fields. This work includes the application of fertilizer, lime, grass seed, weed control chemicals, field line markings and grass mowing on a regularly scheduled basis. Other miscellaneous work includes collection of litter from all public ways, play areas, and the Transfer Station, bi-weekly rubbish collections from certain buildings and trash receptacles, cutting of grass and brush along roadways, maintenance of trails, removal of brush from the Town Forest, an annual fall leaf collection, planting of new trees, and removal of diseased and dead trees.

The Cemetery Section is responsible for the maintenance, operation and restoration of four Town owned cemeteries: Maple Grove off Kendall Street, Rural off Pemberton Street, West off Kingsbury Street, and the Old Burial Place off Main Street at Kendall Street. Vandalism was on the rise for the first time in recent years. The wooden tool

shed at Maple Grove Cemetery was partially destroyed by fire as were a few pieces of equipment. The most damaging aspect is that of vandals driving cars and motorbikes over grave lots. This is a very discouraging situation and anyone responsible will be prosecuted to the fullest extent of the law.

The Cemetery Department received a citation from the American Gravestone Association for exemplary care of the Old Burial Place at the corner of Main and Kendall Streets. This cemetery is visited by many people looking into the history of gravestones and by school classes doing the same.

The price of a single 4' by 10' grave lot remained at \$125. The opening fee is \$115 with an additional \$15 charge during winter months. There were a total of 26 burials at our cemeteries as follows: Rural (12), Maple Grove (13), and Guild (1). We sincerely hope that townspeople take pride in our cemeteries, and most of all to request them to teach the young to do the same. This will insure that some of our town's history will be preserved for future generations.

BUILDING MAINTENANCE DIVISION

The Building Maintenance Division is generally responsible for maintenance and repairs, capital improvements, energy conservation, and proper operation of all electrical, plumbing, and heating systems in all public buildings. Substantial progress has been made on our participation in the Federal "Energy Audit Program". We are presently in the third phase of the Program and have actually received reimbursements totalling \$6,600 (50 per cent of total cost) for a complete engineering analysis of energy conservation potential for the Town Hall, Police and Fire Stations, and East Junior High School. Energy conservation continues to be our primary priority; toward this end, numerous items of work have been accomplished as noted below under each building. The benefits of our efforts in this area are remarkable, as indicated below in the following table which shows our oil consumption records for all public buildings over the past eight heating seasons. It is interesting and rewarding to note that over the past four seasons we have reduced our fuel consumption by about 20 per cent.

<u>Season</u>	<u>Gallons</u>	<u>Cost/ Gallon</u>	<u>Total Cost</u>	<u>Degree Days</u>	<u>Gallon Degree Day</u>	<u>Cost Degree Day</u>
72-73	505,379	\$.119	\$60,401	6349	79.59	\$ 9.51
73-74	465,393	.299	139,236	5974	77.90	23.30
74-75	460,832	.347	162,045	6181	74.55	26.21
75-76	429,517	.363	155,957	5780	74.31	26.98
76-77	452,777	.360	163,000	6537	69.26	24.93
77-78	438,501	.35	153,475	6556	66.85	23.39
78-79	390,865	.41	160,254	6216	62.88	25.78
79-80	332,000	.91	302,740	5961	55.7	50.79

The extent of damage from vandalism to all public buildings this year was about \$10,000. Countless numbers of repairs and maintenance

work utilizing all major building trades were made in all buildings; some of the more important items of work are listed by buildings or categories below.

BIRD SCHOOL - Work was limited to an absolute minimum due to the upcoming school closing.

BLACKBURN HALL - Installed a fire alarm system; moved the Visiting Nurse Association into the former "Special Recreation Room" on the lower level - completely remodeled the area and installed new bathroom facilities; painted interior.

CENTER FIRE AND POLICE STATION - Energy conservation: installed a new fuel efficient burner; recaulked exterior of building; weather-stripped doors.

BOYDEN SCHOOL - Energy conservation: installed a timer on the domestic hot water system, a shutoff on the boiler; replaced incandescent lights with fluorescent lights; replaced formica countertops on sink work areas in 10 rooms; replaced two exterior drain conductor pipes; painted four classrooms; installed two area carpets in the media room.

EAST JUNIOR HIGH SCHOOL - Replaced many window shades; replaced stage curtains and drapes; painted complete exterior of building; painted several rooms; replaced concrete stairs at cafeteria exit; replaced fence at east side of school.

NEW FISHER SCHOOL - Energy conservation: replaced all incandescent light fixtures in corridors with fluorescent fixtures, thereby providing more light at a savings of about one-half the electrical energy.

NEW STONE SCHOOL - Installed electrical outlets in four classrooms; repointed front steps; replaced several roof slates.

OLD FISHER SCHOOL - A minimum of work was performed because of the potential closing of this building; locked thermostats were installed.

OLD POST ROAD SCHOOL - Energy conservation: installed a steel I beam in window area (20' x 40') of cafeteria and included thermalon insulation on the top half and drapes on the bottom half of the beam; removed incandescent light fixtures in the corridor and replaced with fluorescent; replaced ceiling tile with insulated ceiling panels; painted several classrooms; repaired gutters.

OLD STONE SCHOOL - This building was occupied by the Y.M.C.A. under a lease agreement. Rooms on the lower level previously occupied by the Boy Scouts Organization were remodeled to accommodate the "Special Recreation" children.

PUBLIC WORKS BUILDINGS - Energy conservation: replaced incandescent light fixtures with fluorescent ones; replaced oil-fired burner in Water Department building with four wall mounted natural gas heaters and installed a stratification fan in the ceiling of the pump room; installed a fire detection system; repaired garage roofs; replaced panels in two overhead garage doors.

RECREATION DEPARTMENT - Removed lines at both the Center and South swimming pools, repointed concrete and painted pools.

SENIOR HIGH SCHOOL - Installed drain pipe from sprinkler system to Common Street storm drain; replaced sidewalk; installed curbing at locker room exit door to prevent flooding.

TOWN HALL - Energy conservation: installed unit ventilator to bring up uncontrolled heat radiation from the basement; installed weather stripping on outside doors; installed ten new storm windows; installed attic insulation; recaulked building exterior; installed door in Selectmen's Meeting Room; made and installed work counter in Town Clerk's Office.

TURCO FIELD - Painted bleacher wooden seats; replaced vandalized walls in press box with plywood; installed partition in Turco Field House; replaced and repaired sections of chain link fence with vandal-proof "ties".

WEST JUNIOR HIGH SCHOOL - Energy conservation: installed a timer on the domestic hot water system; replaced auditorium, stage, and backdrop curtains; new roof installed on 75 per cent of roof area with insulation and several new roof drains; painted ten classrooms.

BOILERS AND BURNERS - Cleaned all boilers and burners and constantly worked to fine tune all temperature control systems to conserve energy.

WATER AND SEWER DIVISION

* The Water and Sewer Division is responsible for the operation and maintenance of the Town's water supply, quality and distribution system, and the operation of the sanitary sewer system. In compliance with State Regulations, six water samples collected weekly, and samples from each well collected monthly, are sent to a certified laboratory for bacteriological testing; all of these tests for the year were negative. Water samples are also tested monthly by the State for flouride concentration. For the first time, the level of sodium in our water supply (32 mg./l.) exceeded the level of 20 mg./l. established in the "Drinking Water Regulations of Massachusetts; accordingly all water consumers were notified by mail of this fact. Water from our Mine Brook wells is tested at the Treatment Plant laboratory primarily to determine proper iron and manganese removal levels, and for other parameters. A controlled "town-wide" hydrant flushing program, under contract, was started at the end of the year. It is anticipated that this work will significantly improve our water quality within the distribution system. In addition to general operations and maintenance work, the following new construction and miscellaneous work was completed:

<u>NUMBER</u>	<u>DESCRIPTION</u>
72	New domestic water services installed.
12	Domestic water services renewed.
45	Water service leaks repaired.
14	Water main breaks repaired.
18	Fire hydrants replaced.

NUMBERDESCRIPTION

27	New sewer services installed.
6	Sewer connections repaired.
14	Water gate boxes repaired.

Total production statistics for our wells during the year are shown in gallons in the following table:

WASHINGTON STREET

Well No. 1	927,800
Well No. 2	138,449,400
Well No. 3	104,137,200
Well No. 4	<u>173,625,200</u>

School Meadow Brook Aquifer Total	417,139,600
-----------------------------------	-------------

MINE BROOK

Well No. 1	58,929,197
Well No. 2	117,972,540
Well No. 3	<u>168,564,600</u>

Mine Brook Aquifer Total	345,466,337
--------------------------	-------------

GRAND TOTAL	762,605,937
-------------	-------------

Average daily production 2.09 Million

There were 21 new water services added to the system bringing the total number of water service accounts to 5176.

With the addition of 0.12 miles of sanitary sewer mains this year, there are now a total of 36.60 miles of sewer mains in service in the Town. A total of 31 new building connections were made to the sanitary sewer system, making a total of 1791 connections to the system. There are a total of 20 vendors having 33 vehicles who are licensed by the Town to use our septic waste disposal facility. During the year, a total of 4,312 loads were received at the facility; a \$7.00 disposal fee was charged for each load received.

ENGINEERING DIVISION

The Engineering Division of the Department of Public Works endeavors to provide sound professional engineering assistance to the other D.P.W. divisions, and all Town officers, boards, departments, and the general public. This office plans, designs, and contracts-out significant capital projects including roadways, waterworks, sewerage works, and drainage works among others. The specifics of our work over the past calendar year are outlined in the succeeding paragraphs.

Survey, design, contract plans and specifications, and resident engineering services were provided for the following contracts: Street Resurfacing - Chapter 90; Drain Construction - High Street, Rose Marie Lane, Washington Street, Charlotte Road and Marston Road; Bituminous Concrete Sidewalk Construction - Old Post Road and Stone Street; Sanitary Sewer Replacement - Stone Street; and the construction of a central fuel depot at the D.P.W. yard.

Written reports were submitted to the Board of Appeals with respect to engineering criteria and compliance to the provisions of our Zoning By-Laws in the following categories: non-residential site plan (24), special permits for floodplain construction (5), multi-family (7) and miscellaneous(6).

All necessary engineering data and recommendations on subdivision control matters were provided for the Planning Board.

A total of 34 written reports were submitted as follows: 2 for definitive subdivision plans (36 lots total), 11 for bond determinations, and 21 for miscellaneous inspections and reports. Periodic inspections were conducted to monitor construction in all of the active subdivisions. At the end of this calendar year there are 20 developments comprising 413 lots of land under some stage of subdivision control and jurisdiction of the Planning Board as indicated below:

Residential Subdivisions	369 lots
Industrial Subdivisions	15 lots
Preliminary Subdivision Plans	29 lots

The following Town maps were updated and reproduced for distribution purposes: street, zoning, governmental lands, conservation, inland wetlands, sewer, and water. Street acceptance plans, lay-out descriptions, and orders of taking were prepared and recorded in the Norfolk County Registry of Deeds for Carol Drive, Dogwood Drive, Hickory Lane, Hope Street, Orchard Drive, Ridge Road, and Robert Street. Also, the complete set of Assessor's maps were updated and redrawn.

Other areas of study and effort include the preparation of utility easement and taking plans with descriptions for recording purposes, storm drainage studies, and problem investigations, numerous various construction cost estimates and various compiled plans; and when required, Town property lines and easement surveys were provided.

Increasingly, over the past year this office has become a liason between the Town and the utility companies including Baystate Gas, Boston Edison, New England Telephone and Shell Oil. In this regard, more than 22 petitions from Boston Edison were reviewed and reported on.

The total land area of the Town is 13,498.6 acres or 21.1 square miles. The ownership of land by various levels of government, area, and per cent of total Town area is shown on the following page:

<u>Town</u>	<u>Acres</u>	<u>Square Miles</u>	<u>Per Cent of Total</u>
Tax Title	194.0	0.3	1.4
Town Forest	281.9	0.4	2.1
School	152.2	0.2	1.1
Miscellaneous	155.7	0.2	1.2
Conservation	<u>980.9</u>	<u>1.5</u>	<u>7.3</u>
Subtotals	1764.7	2.6	13.1
County	352.0	0.6	2.6
State	212.4	0.3	1.6

RECREATION DIRECTOR

The 79-80 year was an exciting year for the Recreation Department programs. The summer saw many youngsters participating in Playground activities, with good numbers attending Basketball Instruction along with girl's Softball which were very popular and a fine season was enjoyed by all.

The Red Cross swimming lessons, our strongest program had over one thousand children and adults participating. Daily attendance for public bathing had larger numbers using the pools. The Swim Team had a very good year and also had over 100 children training on a daily basis.

The Waterfront program under the Direction of Dr. Dorothea J. Kunde and her highly trained staff still rate as one of the best in the State. Walpole should be proud of our Waterfront Program, that teaches children many of the skills that are needed in life. It is hoped that the coming year with budgets being reduced, that we will still strive to offer our town a well balanced Recreation Program.

I would like to take this opportunity to thank all the various Town agencies who helped to make our department duccessful, and to the many people who have given us the support that makes the programs great.

INSPECTOR OF WEIGHTS AND MEASURES

A summary of this department's activities curing the year 1980 were as follows:

*Units Tested	420
Units Sealed	411
Units Condemned	6
Units Not Sealed	3
Units Adjusted	65
 Fees Collected	 \$1,116.60

Surprise spot-checking, in the form of reweighing of essential food items were undertaken as usual. In addition, periodic deteriminations were made to ensure compliance with the unit pricing directives.

The net cost of running this department, ensuring consumer protection of Walpole services, for the entire year amounted to \$2,742.91 or approximately 14 cents per resident.

*Units include, but are not limited to, scales, balances, weights, gasoline pumps, and oil truck meters.

ANIMAL INSPECTOR

All premises where livestock is kept have been visited and inspected and comply with the regulations set forth by the Division of Animal Health.

All new animals from outside the state, entering herds, have been examined.

All reported dog bites have been investigated and quarantine regulations carried out.

No positive cases of rabies were found.

INSPECTOR OF BUILDINGS

Despite reports of a sagging economy in the construction industry, Walpole maintained its standing as one of the most active towns in the Commonwealth.

For the second year in a row, permits exceeded six hundred and projections for 1981 would not indicate any decrease in activity.

Type of Building	Number of Permits	Estimated Value
Single-Family Dwellings	55	\$2,495,884
Two-Family Dwellings	4	176,000
Multi-Family Dwellings	0	0
Multi-Family Foundations	0	0
Residential Additions	73	524,410
Residential Alterations & Repairs	38	101,642
Accessory Buildings (Residential)	29	123,640
Foundations (Residential)	5	10,000
Commercial Buildings	8	620,500
Commercial Additions	2	26,600
Commercial Alterations	16	137,850
Commercial Foundations	1	275
Swimming Pools	22	100,000
Signs	33	11,982
Demolitions	3	21,930
Fireplaces, Chimneys, Stoves	187	102,206
Reissuances	3	15
Solar Systems	4	14,150
Annual Inspections	64	1,600
Tank Replacements	1	62,780
Tents and Carnivals	4	3,050
Miscellaneous (Maps, By-Law Books, Etc.)	63	126
Total	615	\$4,534,640

Building Permit Fees Remitted to the Treasurer	\$20,370.04
Gas, Wiring and Plumbing Fees Remitted to Treasurer	10,532.60
	<u>\$30,902.64</u>

WIRING INSPECTOR

During the year 1980, 420 applications for wiring permits were received and several complaints concerning electrical installations were investigated and taken care of.

The Wiring Inspection Department is located on the bottom floor of the Town Hall in the Building Inspector's office.

GAS INSPECTOR

During the year 1980, 297 gas permits were issued. All complaints were investigated, several in collaboration with the Building Inspector, the Plumbing Inspector and the Town Sanitarian.

The Gas Inspection Department is located on the bottom floor of the Town Hall in the Building Inspector's office.

PLUMBING INSPECTOR

During the year 1980, 344 plumbing permits were issued and all complaints received were investigated.

At this time I wish to thank the Board of Health, Town Administrator, Building Inspection Department and their staff for the cooperation given me in carrying out the duties of the Plumbing Inspector.

STREET NAMING COMMITTEE

The Street Naming Committee is continuously working in the background helping to improve those long time annoyances that have upset so many people. We refer to house numbers that cannot be seen or are not there, and inconsistent numbers that do not follow any sequence.

In 1980, with the excellent cooperation of James Mello, Town Administrator, the Board of Selectmen and the Walpole Times, our Committee's recommendation resulted in a by-law being passed on October 20th at the town meeting. Every resident is asked to provide a house number at least three inches high to be placed in a prominent place and which can be seen from the roadway. This will be a tremendous aid to emergency vehicles and postal deliveries. It may save your life!

Last year we also welcomed a new member, Edward Thomas of East Walpole. Our future endeavor will be to submit a recommendation on the situation of erratic numbering on some Walpole streets.

SCHOOL COMMITTEE

With the approach of major changes in the Walpole school system, the School Committee has continued to work for improved communications within the community and the school system under the administrative leadership of Robert Bassett. As the educational policy-making body for the Walpole school system, the School Committee has had a busy year in 1980. Looking ahead to the implementation of the 4-4-4 grade level re-organization in September 1981, the School Committee has found itself dealing with matters of policy having far-reaching and long lasting educational significance for Walpole students.

Early in 1980, a curriculum needs assessment was done to not only assess what has been done in the schools, but to begin to strengthen areas perceived to be in need of improvement. The School Committee is particularly appreciative of the high degree of parental response and the tremendous staff effort which went into this project. A direct outgrowth of this assessment has been the School Committee's commitment to an upgrading of the social studies program as well as continued emphasis in all academic disciplines.

Also related to the 4-4-4 reorganization has been the decision to close Stone School in 1981 and begin the process for redistricting the school system to reflect grades K-4 at Boyden, Old Post Road and Fisher Schools, grades 5-8 at the two middle schools in what are presently East and West Junior High Schools, and grades 9-12 in the newly renovated high school. A great deal of effort has continued to be expended on this reorganization with additional emphasis being placed on preparation for the middle school concept, administrative staffing changes, and the adoption of a K-12 curriculum sequence. Walpole should be especially grateful to the extraordinary effort of staff who have in many instances gone well beyond "the call of duty" in their efforts to assure the best for our young people. This has been a universal effort involving all areas of our staff and School Committee members who have served on the 4-4-4 planning committee and have on one occasion done substitute teaching so that classroom teachers could attend a planning conference.

In an effort to keep open a direct line of communication, the School Committee has continued to have staff and student reports on curriculum and matters under study. Among others in 1980, the School Committee has had presentations on the reading program, the writing program, basic skills program, and the residential and tuition requirements of Walpole students under Chapter 766. Students from the Fisher School gave the School Committee valuable information on nutrition and an insight into the areas that students deal with in today's schools. The Student Advisory Committee, an elected group of five high school students, has undertaken the task of surveying high school students in an attempt to develop academic and extra-curricula priorities as a means of assisting the School Committee in the budget process.

In 1980, the School Committee has continued to accept the generosity of Walpole's citizens who give of their time to undertake the task of researching and reporting back to the committee on a variety of subjects. The School Committee would like to recognize the efforts the Athletic Study Committee chaired by Edward MacKillop and the Computer Study Committee chaired by former School Committee member, Gregory Yergatian. Walpole's people have always been helpful to the School Committee and it is expected that this process for gathering information will continue to be utilized in the future.

Most aspects of the School Committee's function are on-going and we continue to work at improving our methods and procedures. The budget process is particularly time-consuming. Certainly, the School Committee's working relationship with the Finance Committee and other town departments has greatly improved in the past two years. The School Committee has instituted a practice of broadcasting budget meetings, and in 1980 made the effort to broaden attendance at the Annual School Budget Hearing by sending individual notification to each Town Meeting Representative; it is hoped that more Town Meeting members will avail themselves of this opportunity to get information in 1981.

The School Committee has made positive strides in improving methods for evaluating the superintendent's performance over what has been the past practice as well as improving the identification of system-wide goals and objectives within a specific time frame and delegation of responsibilities.

Overall, 1980 was a very busy year; it was, however, rewarding for those who appreciate a humanistic, reasoned approach to the educational process based on a concern for the best interest of the entire community of Walpole.

SUPERINTENDENT OF SCHOOLS

In this my third annual report to the citizens of Walpole, I regret to report that the role of Superintendent of Schools has been severely limited to matters pertaining to budgetary concerns.

As I have reported in previous years, the effect of a declining student enrollment has required public schools to develop entirely new strategies for planning intelligently for decline.

The decision-making process leading to the School Committee's submitting its 1980-81 budget at April's Annual Town Meeting necessitated many long hours to achieve the compromises required on one hand to meet the reductions urged by more conservative members of the Committee with efforts to increase the budget by those seeking to improve the quality of education within the school system.

Despite separate substitute motions by Selectmen and Finance Committee, the compromise budget submitted by the School Committee prevailed.

As schools open in September, the community was able to see the impact of a nearly completed renovation at the High School. The need for improving the space requirements at this school were first acknowledged and addressed in December 1965. After fifteen years of many hours of volunteer efforts on behalf of many Walpole staff and citizens who studied, planned, and helped monitor the construction phase of this project, a dream had been fulfilled. For many years to come, Walpole Senior High School students will receive the benefits of this major capital investment.

The effects of student decline were overshadowed by the rapid national escalation of the costs of imported oil and the resultant increased costs of energy. By Fall the country was experiencing double-digit inflation and a rapid rise in unemployment.

The response of Massachusetts citizens was to support a resolution at the November election to "send a message" to the Legislature to reduce the reliance upon local property as a major source to taxation.

The vote to pass the so-called "Proposition 2½" resolution has necessitated a 15% across-the-board cut in next year's school budget. Together with built-in contractual increases, this will amount to nearly a 20% decrease in one year.

The crisis posed by these budgetary restrictions has permeated much of the School Committee's and Superintendent's discussions as this year comes to a close.

Fortunately the open, participatory decision making processes that exist within the community give rise to a town-wide effort to assess carefully how best to reduce next year's budget with minimal harm done to student programs and services.

Out of the on-going budgetary discussions will hopefully come a unique - if painful - opportunity to assess those elements of public education which are of most importance and should be retained.

As we get ready to move into a new year, there is hope that out of adversity will come a pulling together to preserve the best of the Walpole Public Schools for which so many have labored and toiled for so many years.

As budgetary decisions will seemingly be the continual focus of the School Committee's discussions for many months to come, we shall hope that the children of Walpole will continue to be viewed as the community's assets rather than its liabilities.

OFFICE OF THE SUPERINTENDENT

Robert D. Bassett, Superintendent of Schools
 J. Chauncey Smith, Assistant to the Superintendent
 George I. Blaisdell, Director of Curriculum and Pupil Services
 Susan Clark, Administrator of Special Education
 Catherine S. Earhart, Co-Ordinator of Language Arts and Title I Director
 Amy Jane Winchell, Director of Instructional Services

FALES AND LEACH SCHOLARSHIP AWARDS

1980 Fales and Leach Scholarships were awarded Wednesday evening, December 17, 1980, to thirty-six Walpole High School graduates currently attending institutions of higher education.

The scholarship winners are:

FALES:

Thomas Casey attending College of the Holy Cross
Cheryl Cibotti attending Boston College
Christopher Harwood attending College of the Holy Cross
Theresa Hyland attending University of Notre Dame
Gerard Lane attending College of the Holy Cross
Susan Lipnickey attending Ohio State University
Judith Macomber attending Regis College
Julie Marrinucci attending Providence College
Nancy Marrinucci attending Boston College
Lisa Meomartino attending Bryant College
Kevin McCarthy attending Boston College
Stephen Parente attending College of the Holy Cross
Mary Rooney attending College of the Holy Cross
Glenn Saunders attending Rensselaer Polytechnic Institute
Anthony Silva Attending University of New Hampshire

LEACH:

Elizabeth Beise attending Carleton College
Hugh Coyle attending Middlebury College
Kevin Fay attending Columbia University
Colleen Foley attending University of Massachusetts
Erin Foley attending Dartmouth College
Lisa Guay attending Harvard Medical School
William Hasapidis attending University of Pennsylvania
Barbara Heath attending College of William and Mary
Elizabeth Holman attending Syracuse University
Deborah Howe attending Babson College
M. Carolyn Johnson attending Bates College
Susan Johnson attending Acadia University
John Klobucher attending University of New Hampshire
Lisa Midttun attending University of Massachusetts
Martha McCaffrey attending Northeastern University
Charles Nuzzolo attending Tufts University
Jon Rockwood attending Harvard University
Charles Ross attending Boston University
Nancy Ross attending Boston University
Gretchen Schmaltz attending Lehigh University
Maureen Stanley attending Harvard University

TRI-COUNTY REGIONAL VOCATIONAL TECHNICAL SCHOOL

The year 1980 was a landmark year inasmuch as it was the year that Tri-County graduated its first class. To be sure it was a memorable occasion for the graduates, but particularly satisfying to the Committee as the attainment of another major goal. In retrospect, it was a good year.

We were pleased to note that on a daily basis adult residents of the district visited Tri-County and very often commented on the high morale of students and staff. More than at any time in the past a certain pride has been in evidence and an indication that school can be an enjoyable place in which to work and learn.

Realizing that a full accounting is not possible in the space allowed, this report will, as in the past, attempt to inform all residents regarding the activities and achievements of Tri-County as they relate to students and educational programs.

VOCATIONAL DEPARTMENT

All of the vocational areas have been involved in expanding and increasing both the amount and type of work that assists towns in the district. Of significant note has been the complete remodeling of the old town hall in Franklin. This project perhaps best exemplifies the collaboration of several shops working under the direction of one. Plant Maintenance students coordinated the efforts of Plumbing, Electricity, Painting & Decorating, Carpentry and Masonry. The latter two departments have also worked closely in completing two storage buildings for the Town of Millis.

The interior walls of Tri-County display the skills of students in Painting & Decorating and these murals add greatly to the bright and exciting atmosphere of the school.

Cabinetmaking and the Metal Trades continue to produce quality items that are sold at a considerable savings to residents of the district through the D. E. school store.

Because of these experiences that closely simulate the real world of work, students in the vocational programs enjoy the success and benefits of employment.

TECHNICAL DEPARTMENT

Many areas in the technical department continue to service the members of the district communities. Various groups and organizations utilize the Cosmetology Salon, the Culinary Arts, and the Graphic Arts Departments.

A new dimension has been added to the Child Care program. Twice a month, a group of toddlers ranging in age from eighteen months to thirty months spend an hour of pleasant interaction with Child Care students.

Commercial Art has also been able to expand its curriculum through a generous government grant for the development of a "Multi Image" pro-

duction program.

A close working relationship has been established with Digital Equipment Corporation in anticipation of the completion of the Digital plant in Franklin. Four students in the Electronics course are involved in a co-operative work experience at the Maynard facility.

The technical programs have gained stability and strength in the three years of Tri-County's operation. This past year has been a time of building and expanding on that foundation in order to offer students the diversity of skills to make them employable.

ACADEMIC DEPARTMENT

The academic curricula continues to prepare students for both a future in the work place as well as a post secondary education. The graduating class of 1980 was 13% of its members enter a post secondary educational program of study.

Two areas of major impact this year were the Reading and Basic Skills programs. Our Reading program has demonstrated significant impact on the reading comprehension level of those students participating in the program. The Basic Skills program has brought together existing curricula and contributing input toward curricula revision. All freshman students will be tested in the Fall to determine their competence in the basic skills areas of reading, writing, and mathematics. The results of this testing, along with continued community involvement, will assist in determining the future course of our academic curricula.

SPECIAL NEEDS DEPARTMENT

The Special Needs program at Tri-County has continued to implement Mass. Chapter 766 and Federal Law P. L. 94-142, by providing a free and appropriate education for pupils enrolled at Tri-County.

There has been some continued expansion of the program with the addition of another special needs teacher and a teacher aide. Another avenue of expansion was to begin work with some member communities in the development of some occupational training options for special needs students outside of Tri-County.

Job placement of students enrolled in substantially separate programs has begun with three pupils placed in co-op jobs. They will receive supervision on the job from their employers and from the school to assure a smooth transition to the world of work.

We are looking forward to the addition of a vocational resource teacher in January of 1981. This position is being funded with federal vocational education funds and should be a welcome addition to our staff. This will allow for additional assistance to vocational teachers in working with special needs students. The key to effectiveness of the special needs program is directly related to the success of the regular education program. The more that can be done to assist the classroom teacher, the more successful all pupils will be.

GUIDANCE DEPARTMENT

The Guidance Department has presented slide-sound shows depicting Tri-County programs to all Grade 8 students in the nine town district.

Applications were processed and 300 Freshmen were accepted in September for the 1980-81 school year. Tri-County now has 1196 students in Grades 9 through 12, 348 of which are residents of the Town of Walpole.

Of the 240 June graduates, 79 were from the Town of Walpole and of that number, 69 have been employed and 9 have gone on to higher education.

The Cooperative Education Program which allows seniors who have a B average or better to work in their Trade or technical skill every other week, has averaged 100 students each year.

This program benefits both the employer and the employee. The Co-op program involves all programs at Tri-County except Cosmetology students who are not eligible because of hourly requirements.

Tests available to students at Tri-County are: The Armed Services Aptitude Test Battery, PSAT's, SAT's, Massachusetts Basic Competency Tests, and the SRA Achievement Tests.

The school immunization records of new students were reviewed under newly enforced regulations of the Department of Public Health. No students were excluded for failure to comply with these regulations.

Tuberculosis screening by Mantoux testing was given to ninety-eight employees whose test dates had expired. Ten students enrolled in the Child Care Program were also screened.

Mrs. Gallishaw, school nurse, is preparing for the implementation of a newly mandated postural screening (Scoliosis) program which will begin in the Fall of 1981.

ADULT EVENING PROGRAM

Nineteen trade preparation and trade extension programs were offered to over three hundred district residents. Of that number, 56 were residents of Walpole.

Most courses operated for ten weeks, three hours per night, two evenings a week. Some of the more popular programs are in session for four nights weekly.

JUNIOR PROM - 1980

The Junior Prom, held May 8, 1980, at the King Philip Ballroom, Wrentham, was attended by more than 235 people. Students, faculty, staff, and school committee members danced from 8:00 PM until midnight with music provided by "Horse". The theme, "Let It Be", was the background for the choosing of the Queen and her court of five princesses. The second annual Tri-County Junior Prom was an event immensely enjoyed by all who attended.

CAREER EDUCATION

The career education laboratory was very active this year. Approximately 3,000 students from Tri-County and the member towns have used the facilities and the MOIS computer for occupational information. In addition, a career day was held for 1700 eighth grade students.

Eighteen companies participated in a job fair at Tri-County last April. The object was to encourage employment of graduating seniors at our school and the six towns that participated.

It is with a deep sense of regret that we announce the resignation of Mr. Loring Maxwell, Area Coordinator, and the person most responsible for the many services provided to member towns by the career education lab.

At this time, it appears that impending financial constraints will not allow us to continue this innovative and valuable service.

JEWELRY PROGRAM

An evening jewelry skills training program was completed this year. Thirty-five students participated in this course which provided training in hand engraving, patternmaking, or stone setting. The program was funded by a vocational education grant of \$43,000; an additional grant of \$8,000 has been recieved to commence a day program.

C.E.T.A

Four C.E.T.A. training programs were completed during the year. Programs after school hours were operated with Hopedale C.E.T.A. funding in Plant Maintenance and Welding. These courses had twenty-four participants. Summer programs held under the auspices of Norwood C.E.T.A. provided training for twenty individuals in Electronics and Machine Operation.

STUDENT ADVISORY COUNCIL

The sixteen members of the Student Advisory Council at Tri-County have had a busy year representing the students before the school administration and the school committee. Representatives have attended the SAC meetings in West Boylston monthly and participated in leadership training sponsored by the Mass. State Department of Education. The representatives were responsible for organizing and overseeing class elections, selection of DAR Good Citizen, Tri-County student identification cards, plus other activities. Together with the class officers, they established an annual School Spirit Award. This award will be presented annually to the class that has the most school spirit.

GRADUATION

Tri-County hosted the family and friends of the graduating class on June 6, 1980. Two hundred forty students received diplomas and trade certificates from Mr. Hoegler, Chairperson of the '79-'80 School Committee. The music was provided by the Southeastern Mass. Community Concert Band and Mr. James Hall was the soloist. Sharon Courtney of Franklin was the Valedictorian and Reverend Griswold of Walpole gave the Invocation and Benediction. Several scholarships were presented to those students continuing their education.

DISTRIBUTIVE EDUCATION STUDENT IN NATIONAL COMPETITION

Tri-County, which has only been active in the Distributive Education Club of America for three years, was honored to have a senior, Kristin Williamson of Medfield, represent the school at the National

D. E. Conference held in Miami, Florida during the week of June 20, 1980. This is the first time that Tri-County has ever been represented by a student in an educational competition on a national level.

Both written and oral activities tested the students' knowledge in Mathematics, Sales, and Human Relations. She was also able to meet and socialize with leaders in the business world.

The guest speaker at the banquet was Frank Borman, President of Eastern Airlines and former Apollo astronaut. More than 5000 students representing every state were present to hear his address.

DRAMA CLUB

The Tri-County Drama Club, under the direction of Ms. Rogier, Mr. D'Attilio, and Mr. Conley, presented a one-act play entitled "Home at Six" for the student body on May 7 and 8, 1980. Student performers were from the Senior class only, but in future years the drama club will be open to all grades.

The set for the play was designed by the Plant Maintenance Department and was constructed by students in the Painting and Decorating Department. Cosmetology students took on the responsibility for stage make-up; and for costumes, the Drama Club enlisted the aid of students enrolled in Fashion Design.

ATHLETIC DEPARTMENT

Tri-County Athletic teams participated in a variety of interscholastic sports, competing in the Colonial Athletic League. This league is comprised of a number of regional vocational schools. The 1980 sports calendar has been an exciting time period for the still developing sports program at Tri-County. There were many individual and team accomplishments during the 1980 sports campaign.

Individually many athletes excelled in their fields. Jim Thomas of Walpole and Paula DeRois of No. Attleboro were named to the Colonial League's All-Star Basketball teams. Jayne Clive of Medway displayed her fine talents, finishing in the top ten in the 300-yard dash during the Mass. State Track and Field Championships. Peter Rogers of Medfield became the first athlete at Tri-County to have his number retired by the school. Peter led the state in scoring, was named to many of the area's all-star teams, and was the topic of a feature article which appeared in the Boston Globe.

Team honors in 1980 were captured by the Soccer, Cross-Country, and Spring Track teams. Each team finished first in league-sponsored championships, bringing to Tri-County the school's first championship banners.

The Boxing Program hosted the East Coast Junior Olympic Championships last Spring. Tri-County boxer Troy Roberts competed in the finals of his class-weight only to lose an exciting match.

On the intramural level, Tri-County students and faculty members participated in tournaments in volleyball, softball, and badminton.

BLOODMOBILES - 1980

Tri-County has been actively supportive of the American Red Cross by hosting two bloodmobiles during the 1980 school year. The regularly scheduled blood donation drive in February resulted in 95 pints of blood being collected. An emergency request before Thanksgiving was well received by the staff and students and 69 pints of blood were added to the depleted supply of the Northeast Region.

NEW OFFICERS

In July 1980, the School Committee reorganized and Mr. John Hurley of Medway was elected Chairman. Mr. Sidney F. Hatch of Walpole was elected Vice-Chairman and Mr. Frank DeLucia of Franklin was elected Secretary.

NEW ENERGY CONSERVATION CONTROLS

After a thorough investigation, Tri-County installed a micro-computer which automatically monitors existing heating, cooling, ventilation, and lighting equipment in various locations throughout the building to predetermine settings.

The computer stores up to seven days' history on building energy consumption, temperatures, and actual per hour costs of operation. A visible check is readily available showing increased consumption and costs in any section of the building which is indicative of waste or malfunction of equipment.

The computer is monitored by a separate relay circuit which answers fail-safe operation. The relay circuit automatically returns all controls to normal settings in the event of computer failure.

SITE IMPROVEMENT

During the month of July 1980, Tri-County School Committee advertised for bidders to install drains around the school football field, prepare the running track for resurfacing, install new track, and reshape several slopes.

Seventeen construction companies submitted bids. The Narragansett Improvement Company of Providence, Rhode Island was awarded the contract as low bidder. Work began on August 23rd and was completed in mid-October.

BUDGET

For the second consecutive year, the assessment to the Town of Walpole has been reduced. In Fiscal Year 1980, the assessment was reduced by 11.5% and again by another 2.3% in Fiscal 1981. These unusual reductions, in a time of severe inflation, were primarily the result of school aid being received over and above the normal reimbursement amounts. The present assessment of \$520,091.93 to the Town of Walpole represents a real per pupil cost of only \$1,495.00. We are pleased that the cost is far below any other regional vocational school in the Commonwealth; however, we do feel an obligation to inform you that, because reimbursement monies will be much less in future years, assessments will be higher.

In conclusion, we wish to express our sincere appreciation to all residents of Walpole for your support of vocational technical education and to assure you that this Committee will continue to provide the best possible educational services at the least cost possible.

WALPOLE PUBLIC LIBRARY

Mary E. Locke, Librarian
Dolores Munson, Assistant Librarian
Louise Hawkins, Children's Librarian
Dorothy Wronski, Administrative Assistant
Loretta Parasco, East Branch Librarian
Ruth Mahan, North Branch Librarian

The Walpole Arts Council has continued to enrich the library's services with monthly art displays, programs in the Common Room, vacation week film series for children. It also sponsored a book sale for the library at its annual Fair-in-the-Park.

The theme of the annual children's summer reading program was a Book Trek. For each four books read, the child sent a starship into space in search of a lost planet. At the end of the summer, the planet's secret location was revealed and the child whose spaceship was closest to it received a special prize - a Book Trek bag. 232 children participated in the program, which is designed to encourage reading for enjoyment.

At the Main Library, a number of story hours were presented to children in two different age groups, "toddlers" and elementary school children. The "toddler" hours have proved to be especially popular.

North Branch patrons have been enjoying the use of two new rooms which gave them badly needed shelf space as well as more room for reading and studying. Many branch patrons were concerned about the possible loss of their branch and 100 Fisher School children even wrote letters to the Board of Selectmen about how important their branch library is to them and their families and friends.

A series of meetings with members of the School Media Services and library staff offered opportunities to exchange ideas and information about the different services offered by each group, but did not solve the problem that has faced librarians since libraries began serving students - how to get teachers to let librarians know about student assignments in advance. The meetings otherwise were quite productive. A statement was issued delineating the functions of each type of library and reiterating the fact that the two systems are partners in service to school age people.

WALPOLE PUBLIC AND SCHOOL LIBRARIES - PARTNERS

Public Library

The purpose of the public library is to provide access to books, magazines, newspapers and other forms of material for the education, information and leisure needs of the entire community.

In selecting such material, the library's objectives are to build and maintain a balanced, useful and up-to-date collection. Within budget limitations it tries to respond to expressed requests while keeping in mind the need for balance to meet diversified community needs. In the process, it complements the resources of the school libraries, dealing with young people as individuals.

The public library serves individuals of all ages, pre-school through the retirement years; community groups and organizations; and students engaged in any form of educational activity, formal and informal.

It offers hours of service days, evenings and weekends throughout the year at three service points.

School Library

The school library is an integral part of the school experience for all students. It is a resource center for the many forms of printed and audiovisual materials and equipment; a learning laboratory to implement and enrich the curriculum; and a reading center providing the materials to fulfill the wide range of interests and abilities of the students.

The school library frees the student and teacher from the confines of the textbook and introduces the student to a wealth of information.

It is a place where students learn study skills throughout life. It helps the whole spectrum of student ability, from the slow learner to the gifted child.

The schedule for the school library is the school schedule, providing on-site resources, teaching and consultation services during the school day.

Public and school libraries are not the same. Their aims and therefore their collections differ. Public and school libraries complement each other. They are partners.

In addition to the joint statement, many books were added to the public library collection from books withdrawn from the high school library when it was being prepared for its new quarters. A collection of art reproductions from the Media Services is now available to public library patrons. A collection of over 100 books for children and teenagers was borrowed from the school libraries for the North Walpole branch during the summer. This collection was very popular with the youngsters, many of whom explained that they didn't have time when school was in session to go to the Media Center for books to read for pleasure. It is to be hoped that this practice will continue in the future.

A floor plan of the adult department was prepared by staff member Margaret Houlihan and is posted near the entrance to help patrons locate the various sections of the collection. Also added to the adult department a lighted globe of the world and a small collection of framed color photographs for borrowing.

At the conclusion of the December Trustees meeting, the trustees and members of the library staff gathered in the Common Room to introduce Mrs. Lynda Heller, who will become Library Manager in January 1981.

Mrs. Heller replaces Miss Mary Locke, librarian since 1965, who has decided it's time to step aside in favor of a younger person and who plans to continue assisting library users in a volunteer capacity somehow. Miss Locke wishes to express her appreciation to all those members of the Board of Trustees and the staff who have assisted and supported her over the past sixteen years. It has been challenging, rewarding and exhausting.

PLANNING BOARD

The Planning Board this year completed the recodification of the Zoning By-Laws. The new Zoning By-Laws were presented to the Annual Town Meeting, voted upon and approved in April, 1980.

Two definitive plans for new subdivisions received final approval this year. These subdivisions, High Oaks III, off Ridge Road, and Mulberry Hill Estates, off Summer Street, when completed will add 33 new houselots and 3 new streets for the town.

Plans are being readied to update the Town Zoning Map. Preliminary studies have been completed and taken under advisement.

The Planning Board increased its donation to the Downtown Revitalization Committee from \$1,000 to \$6,000 to help meet the town's share of the cost of the Downtown Revitalization Study currently being done by

the MAPC (Metropolitan Area Planning Council). The Board feels that this study will provide the town with professional advice and guidance towards much needed and worthwhile planning for the center of town.

Board Secretary, Helen Farinacci, resigned in July, 1980 after eight years of loyal service. The Board wishes to express its deep appreciation for her efforts.

Board members John Farrell and John Dwyer resigned due to increased professional responsibilities. In the May, 1980 elections, Sharon Wason and William J. Maloney, Jr. were elected to fill the vacancies.

The Planning Board meetings are held on the second and fourth Thursdays of every month. The meetings are open to the public and the Board wishes to encourage interested citizens to attend.

PERSONNEL BOARD

The Personnel Board was established in 1954 to administer and enforce a classification and compensation plan for all non-exempt Town employees.

In April 1980, the Personnel Board submitted to Town Meeting recommendations for an updated Salary Schedule after conducting an extensive salary survey. Simultaneously, the Board proposed that several amendments to its By-Laws be ratified. During the rest of the calendar year, the Personnel Board approved three hundred and thirty-nine merit increases, seven promotions, six reclassifications, and three transfers. Additionally, the Board established a Management Development Program and participated in contract negotiations with three labor organizations. It also provided the Town Administrator with the framework for the development of a comprehensive sick leave policy to be implemented in 1981.

Regular meetings of the Personnel Board are scheduled for the first and third Mondays of each month at 7:30 PM in the Selectmen's Meeting Room, Town Hall.

BD. OF SEWER AND WATER COMMISSION

The Board of Sewer & Water Commissioners was established in 1973 by virtue of the "new" Town Charter. This Commission consists of five members elected at large by vote of the registered voters of the town for three years overlapping terms such that the term of office of not more than two members shall expire each year.

In May, Edward J. Delaney was re-elected as chairman of the Board of Sewer & Water Commissioners. Mr. Robert Barrett was reinstated as clerk and Mr. Stephen Smith remained as member. In December 1979, the Board had two resignations, Mr. John Kelliher resigned due to ill health and Mr. Glenn Benson had relocated to Long Island, New York. On January 23, 1980, two new commissioners were appointed to fill the

vacancies. They were John M. Spillane and Patrick Fasanello.

The Board of Sewer & Water Commissioners are overseers of the Water and Sewer Divisions of the D.P.W. The Board is also responsible for the work performed in the area of sewer, water and drainage under various articles approved by Town Meeting.

The Board was involved in several important projects during the past year. These included:

Construction of Stormwater drains in Charlotte-Marston area and Common Street and Washington Street intersection and High Street to Rosemary Lane.

Continued with the construction design of the Pickerel Brook Drainage area in East Walpole. Weston and Sampson were retained to supervise this work with funds approved in the Spring Annual Town Meeting. Funding for the construction of the project will be sought in 1981. (Betterments).

Received a \$308,000 grant in November from the State Water Resources Commission for the construction of lateral services in these areas of town. Areas to be serviced by this \$770,000 project include Plimpton Street, East Street location, the "Veterans' Project" located on Robbins Road and Brown Drive-Oak Hill Drive neighborhood. It is expected that this project will be put out to bids early in the Spring of 1981.

Finished a review of sewer use regulations which were adopted in December by the Board. Review of other related Sewer Department policies are still underway and this project will be completed by summer of 1981 with the publication of a booklet for use by the public.

Applied for a reimbursement grant from the State Department of Environmental Quality Engineering for the Harold E. Willis Treatment Plant. It is expected that if successful the Town could receive from the State close to \$200,000 over the life of the bond issue by participating in this program.

The Board continues to work to improve the quality and supply of the water system. Several programs including the controlled systematic flushing of hydrants to remove sediment from lines have been instituted. In the fall the Board was fortunate enough to hire Mr. Steve Niro who has a degree in Biology and is working primarily at the Water Treatment Plant. This has had a marked improvement in the quality of water being treated at this facility. The Board has continued its search for a Superintendent with no success to date. Realizing the importance of this position to the overall long term operation of the system this matter will receive top priority in 1981.

As the year ended the Board has begun an extensive study of current water and sewer rates. With the passage of Proposition 2½, it is expected that the Town will shift more of the burden of providing water and sewer services towards the users and away from property tax subsidiary. Providing improved services with limited available revenue will present this Board with many challenges in the upcoming year.

The Board of Sewer & Water Commissioners wish to extend their appreciation to the Town Administrator, James E. Mello, who is also Agent for the Board of Sewer & Water Commissioners, Peter Boghossian, Director of

Public Works/Town Engineer and various boards and other Town officials for their cooperation and assistance throughout the year.

IDFA

The Industrial Development Financing Authority received and processed three requests for financial assistance by means of municipal industrial revenue bonds from these local corporations during 1980:

KNOX-NORTON, INC. - South Walpole

Manufacturers of Hydraulic and Pneumatic flood power systems and micro-processor control consoles.

Bond Issue - \$550,000 - For acquisition of building now in use by Knox-Norton, Inc. and extensive addition and renovations thereto.

Additional Employment - 10 new jobs

BIRD JOHNSON COMPANY

Manufacturers of adjustable/reversible pitch ship propellers.

Bond Issue - \$5,000,000 - For construction of an addition to its plant, new Blade Machine Center, acquisition of certain machines/equipment to be installed in this new building processing the propeller blades; this work was formerly subcontracted out. Also certain consolidation and re-financing of prior projects under this program of municipal industrial revenue bonds under I.D.F.A. assistance.

Additional employment - 14 new jobs at the beginning; more later.

Laying of the cornerstone of the new \$5,000,000 Blade Center, Bird Johnson Company, October 18, 1980. Capt. William Truesdell, U.S. Navy, Representative Francis Woodward, and Howard Scott, Bird Johnson Company.

L.F. FALES MACHINE COMPANY

Manufacturers of special machinery and machine parts.

Bond Issue - \$750,000 - For acquisition of new and sophisticated machinery, Series Chucker and Boring Mill, to be used in Fales' facility here in Walpole.

Additional employment - 6 new jobs.

In addition, we have given preliminary approval to the SIDNEY GOLDSTEIN CORPORATION and its affiliate G.K.&F. Associates for a bond issue for relocation of their wholesale plumbing supply and warehousing business from Boston to Walpole. This project is now pending.

We have also had discussions with Mr. Dale Goller, President of Walpole Plaza Liquors regarding the possibility of I.D.F.A. assistance via municipal revenue bonds for establishment of a wholesaling and warehousing operation of the same line of business.

The Industrial Development Financing Authority Program for issuance of the municipal industrial revenue bonds continues to be an attractive and beneficial source of financing expansion, equipment and machinery purchases, new building and relocation of qualifying business and industrial organizations.

We appreciate the direction and cooperation given by our Board of Selectmen and the Town Administrator and their staffs at all times.

TOWN TREASURER

The fundamental duty of the Town Treasurer is to take charge of all Town funds. These funds come from several sources, such as taxation, charges, fees, Federal and State grants.

During the year, the Treasurer's office handled over fifteen million dollars. This office is one of the highly complex Town departments, maintaining numerous accounts and extensive records covering such areas as borrowing, bonding, investments, tax titles, cemeteries, trust funds, payroll and all deductions for same, reconciling and disbursing accounts payable.

Several times during the year when receipts cannot meet expenses the Treasurer has to borrow in anticipation of tax revenues. This fiscal year the Treasurer did not have to borrow in anticipation of taxes.

During the fiscal year 1979-1980 investments made in the Town Treasurer's office realized the following in interest.

General Cash & Bond Issue Monies	\$313,323.12
Revenue Sharing	42,655.84
Conservation Fund	15,244.46
Stabilization Fund	2,407.00

Report as of June 30, 1980

Henry P. Kendall Master Plan Trust Fund	7,870.76	
	<u>\$89,033.95</u>	

*Invested by Treasurer

As a consequence of the extended illness of the Town Treasurer it was necessary that Dorothy Jackson, Assistant Treasurer assume the duties of the office. Thanks are given to the Board of Selectmen, James Mello and James Merriam for their understanding and helpful support. A very special thank you to: Marian Ellis, Marjorie Meehan, Rita McNeil and Helen DeConinck for their cooperation, encouragement and thoughtfulness this past year.

BOARD OF ASSESSORS

Total number of parcels real estate and personal property assessed	6,902

Less estimated receipts	<u>8,267,249.99</u>
-------------------------	---------------------

Total taxes levied	\$ 10,754,421.58
--------------------	------------------

Rate of Taxation	\$ 69.50
------------------	----------

Number of Motor Vehicles	16,500
--------------------------	--------

The program now in progress to implement 100 per cent valuation on real estate throughout the Town is being accomplished on schedule. The Board is working in conjunction with Appraisal Consultants of New England, actively participating in each phase of the program. Various news releases published by the appraisal firm should be beneficial to taxpayers.

It is the Board's desire that continued efforts will produce a satisfactory transition for the Fiscal Year 1982 tax bills.

We welcomed Marion Matthews during 1980 to complement our clerical staff.

The period from July 1, 1979, through June 30, 1980, was another year of constructive collection procedures that resulted in a substantial increase in Motor Vehicle Excise Tax collected. For the first time since the early seventies the Real Estate Tax Title Program which protects the Town's interest was up to date including FY 1979. All these collection procedures not only protect the Town but certainly help to reduce the Real Estate Tax rate.

Again this year I would like to point out that one of the most misunderstood areas relative to Real Estate Taxes is the assessed

valuation period and whose name will be on the tax bill if a property is sold. If you have any questions concerning this matter, please contact the Assessor's Office, and they will explain the laws concerning this matter.

A questionable bill issued to you by this office will not go away simply by ignoring it. You as a taxpayer must take action to resolve it. If you have a question on any bill and cannot find the answer, please feel free to call us.

We will continue to encourage communication between you and this office as the best means to resolving problems that may arise or inform you of changes in billing procedures.

Thank you for your continued cooperation and support.

RECAP OF TOWN COLLECTOR'S BUDGET AND COLLECTIONS

1. In Fiscal Year 1979/80 there were three full-time employees and one part-time administrative assistant. The total budget for the salaries and expenses was \$54,796.

2. The following is a report on monies collected in Fiscal Year 1979/80:

Real Estate and Personal Property Tax	\$10,457,054.00
Water Revenue	610,138.00
Sewer Assessment	32,677.00
Sewer Usage	209,963.00
Street Betterments	2,364.00
Motor Vehicle Excise Tax (All Years)	1,270,543.00
Police Revolving Fund	75,583.00
Fire Revolving Fund	-0-
Ambulance	12,243.00
Interest: R.E., P.P., M.V.E.	28,255.00
Municipal Lien Certificates	5,910.00
Taxes in Litigation	-0-
Tax Title	50,254.00
Interest on Tax Titles	2,220.00
Farm Animal Excise	265.00
Total	\$12,757,469.00

SELF-HELP INCORPORATED

Self Help, Inc., is greater Brockton's anti-poverty agency dedicated to improving the quality of life of limited-income individuals and families, and making all segments of the community responsive to the needs of limited-income, disadvantaged and minority needs.

During the program year ending September 30, 1980, Self Help, Inc. received a total funding of \$6,088,906 and provided 273,916 direct

services to the area's limited-income individuals and families. Walpole residents received 245 direct services totaling \$95,471 during our program year.

The total funding of 6 Million Dollars does not tell the real value of human services delivered to the area as a whole. Self Help's funding enabled us to mobilize an additional \$2,411,094 of other community resources such as CETA, Commonwealth Service Corp, and local City and Town contributions as well as volunteers. The gross volume of Self Help, Inc., during the past program year was 8.5 Million.

Self Help currently employs 178 individuals, many of whom are limited-income and minorities.

We feel that the program year October 1, 1979 to September 30, 1980 was a successful one for Self Help, Inc. and very helpful to our limited-income population. We thank the area's Board of Selectmen and Town volunteers for helping to make our program a success.

GROSS SALARIES, TOWN EMPLOYEES

Printed below are the gross salaries of town employees who earned more than \$500 in 1980. The information was obtained from the Treasurer's computer run and should be accurate. We would like to stress that these are not necessarily straight time earnings and may include overtime, stipends for extra duties, and in some cases, income from more than one department.

**COMMONWEALTH OF MASSACHUSETTS
TOWN OF WALPOLE
ANNUAL TOWN MEETING
(SPRING SESSION)**

APRIL 7, 1980

Norfolk, ss.

Pursuant to the foregoing warrant of April 7, 1980, the Annual Town Meeting, Spring Session, was called to order by Moderator Robert B. Boyd, Jr. at 7:40 PM. All rules and regulations concerning the calling of a town meeting were fulfilled and a quorum was present.

The Assembly pledged allegiance to the Flag.

Louis E. Hoegler, Town Clerk, attested to proper return of the warrant.

It was Moved, Seconded and
Voted:

To adjourn this town meeting to Thursday, April 10, 1980 at 7:30 PM in the West Junior High School. The Moderator so declared at 7:45 PM.

**COMMONWEALTH OF MASSACHUSETTS
TOWN OF WALPOLE
SPECIAL TOWN MEETING**

Norfolk, ss:

Pursuant to the foregoing warrant of April 7, 1980, the Special Town Meeting was called to order at 8:00 PM by Moderator Robert B. Boyd, Jr. All rules and regulations concerning the calling of a Special Town Meeting were fulfilled and a quorum was present.

Louis E. Hoegler, Town Clerk, attested to proper return of the warrant.

The following Tellers were appointed: Frank Hiltz and Lester Tarbell.

It was Moved, Seconded and
VOTED:

That Motions of the Finance Committee be the Main Motions.

ARTICLE 1

On Motion of the Finance Committee,
It was Moved and Seconded:

That the Town take NO ACTION.

On Substitute Motion of Ronald A. Fucilé,
It was Moved and Seconded:

That \$830,000 be appropriated for constructing, originally equipping and furnishing a new police station; to raise this appropriation, the Treasurer with the approval of the Selectmen, be authorized to borrow \$830,000 under G. L. c 44, s. 7 (3) as amended, and that the Permanent Building Committee be authorized to take any and all action necessary to carry out the project.

After Discussion,
On Amendment to the Substitute Motion,
It was Moved and Seconded:

That \$830,000 be appropriated for constructing, originally equipping and furnishing a new police station; to raise and appropriate \$30,000 by taxation and that the Treasurer with the approval of the Selectmen be authorized to borrow \$800,000 under G. L. c 44 s.7(3) as amended, and that the Permanent Building Committee be authorized to take any and all action necessary to carry out this project.

Substitute Motion as amended was:
DEFEATED

On Substitute Motion of Roy G. Fisher,
It was Moved, Seconded and
VOTED:

That the Substitute Motion become the Main Motion.

On 2/3 Vote Required,
Main Motion of Roy G. Fisher
was Moved and Seconded:

That \$830,000 be appropriated for constructing, originally equipping and furnishing a new police station; that \$30,000 be raised and appropriated by taxation and that the Treasurer, with the approval of the Selectmen, be authorized to borrow \$800,000 under G. L. c44 Sect. 7(3) as amended, and that the Permanent Building Committee be authorized to take any and all action necessary to carry out the project.

Motion was: DEFEATED YES - 59 NO - 53

ARTICLE 2

On Motion of the Finance Committee,
It was Moved, Seconded and
VOTED:

That the Town take NO ACTION.

ARTICLE 7

On Motion of Ernest Manocchio, Jr.
It was Moved, Seconded and
VOTED:

That Article 7 be taken out of order at this time.

On Motion of the Finance Committee,
It was Moved and Seconded:

That the Town raise and appropriate by transfer from Sewer Available Surplus the sum of \$35,313; from Article 6 of the October 1979 Annual Town Meeting the sum of \$10,000 and from taxation the sum of \$4,687 for a total of \$50,000 to construct sanitary sewers on Diamond Street, including gravity sewers, a pumping station and force mains to service a Housing Development sponsored by the Walpole Housing Authority on Assessors Map Parcel #D-1116. This is contingent upon all conditions for the Housing for the Elderly being met. Sewerage only to be done if Housing for the Elderly goes through and Purchase and Sale Agreement is signed.

ARTICLE 7 (cont)

On Amendment of the Board of Selectmen,
It was Moved, Seconded and
VOTED:

That the sum of \$44,687 to be raised by taxation be substituted for
\$4,687 for a total of \$90,000.

On Amendment of Patrick Fasanello,
It was Moved, Seconded and
VOTED:

To strike the words "a pumping station and force mains".

Main Motion as Amended was then
VOTED:

That the Town raise and appropriate by transfer from Sewer Available
Surplus the sum of \$35,313; from Article 6 of the October 1979 Annual
Town Meeting the sum of \$10,000 and from taxation the sum of \$44,687 for
a total of \$90,000 to construct sanitary sewers on Diamond Street, in-
cluding gravity sewers to service a Housing Development sponsored by the
Walpole Housing Authority on Assessors Map Parcel #D-116. This is
contingent upon all conditions for the Housing for the Elderly being met.
Sewerage only to be done if Housing for the Elderly goes through and
Purchase and Sale Agreement is signed.

ARTICLE 3

It was Moved, Seconded and
VOTED:

To amend \$79,428 for \$44,428 by transfer from Free Cash.

Main Motion as Amended
was Moved, Seconded and
VOTED:

That the Town approve the monetary items in an Agreement between the
Town of Walpole and the American Federation of State, County and
Municipal Employees, AFL-CIO, State Council 93, Local 1957, Department
of Public Works Employees and raise and appropriate by transfer from
Free Cash the sum of \$79,428 to defray the costs of said agreement for
the period of July 1, 1978 through June 30, 1981.

ARTICLE 4

On Motion of the Finance Committee, 9/10's Vote Required,
It was Moved, Seconded and

VOTED:

That the Town raise and appropriate from taxation the sum of \$591.79 to pay the Town's share of in-patient tuberculosis care incurred in Fiscal Year 1979 in accordance with State Law.

Vote: UNANIMOUS

ARTICLE 5

On Motion for the Finance Committee,
It was Moved, Seconded and
VOTED:

That the Town raise and appropriate by transfer from Free Cash the sum of \$45,000 to continue Solid Waste operations for the remainder of Fiscal Year 1980.

It was Moved, Seconded and
VOTED:

To adjourn this Special Town Meeting to Thursday, April 10, 1980 at 8:00 PM in the West Junior High School. The Moderator so declared at 11:00 PM.

COMMONWEALTH OF MASSACHUSETTS TOWN OF WALPOLE ADJOURNED ANNUAL TOWN MEETING

APRIL 10, 1980

Norfolk, ss.

Pursuant to the foregoing adjournment of April 7, 1980, the Annual Town Meeting was called to order at 7:40 PM by Moderator Robert B. Boyd, Jr. All rules and regulations concerning the calling of a town meeting were fulfilled and a quorum was present.

The Assembly pledged allegiance to the Flag.

It was Moved, Seconded and

VOTED:

That when this meeting adjourns it be adjourned to Monday, April 14, 1980 at 7:30 PM in the West Junior High School; and then to Wednesday, April 16, 1980 at 7:30 PM in the West Junior High School.

ARTICLE 1

On Motion of the Finance Committee,
It was Moved, Seconded and
VOTED:

That the Town authorize the Selectmen to sell any and all property now owned by the Town, or to be acquired, as a right of foreclosing rights of redemption in said property.

ARTICLE 2

The Permanent Building Committee gave an oral report on the uses of various public buildings.

A RECESS WAS CALLED AT 8 PM TO TAKE UP THE BUSINESS OF THE ADJOURNED SPECIAL TOWN MEETING OF APRIL 7, 1980.

**COMMONWEALTH OF MASSACHUSETTS
TOWN OF WALPOLE
ADJOURNED SPECIAL TOWN MEETING**

APRIL 10, 1980

Norfolk, ss.

Pursuant to the foregoing adjournment of April 7, 1980, the Special Town Meeting was called to order at 8:00 PM by Moderator Robert B. Boyd, Jr.

The following Tellers were appointed: Ralph Knobel and Lester Targell.

ARTICLE 6

On Motion of the Finance Committee,
It was Moved and Seconded:

That the Town authorize the Board of Selectmen to petition the Legislature to amend the Walpole Charter by deleting Section 3-7 and Section 3-8 of Article III. To further petition the said Legislature to authorize the Board of Selectmen to appoint one person to fill the combined offices of Town Treasurer and Tax Collector, said person to be appointed to three year terms. This action shall take effect on the first Saturday of May, 1980.

After Discussion,
It was Moved, Seconded and
VOTED:

To Move the Question.

Motion of the Finance Committee was then:

DEFEATED

ARTICLE 8

On Motion of the Finance Committee,
It was Moved, Seconded and
VOTED:

That the Town take NO ACTION.

ARTICLE 9

On Motion of the Finance Committee,
It was Moved, and Seconded:

That the Town raise and appropriate by borrowing the sum of \$85,000 for the purchase of one (1) 1250 gallon per minute pumping engine with the permission to trade one (1) 1000 gallon per minute 1965 pumping engine, that to raise this appropriation the Treasurer with the approval of the Selectmen be authorized to borrow \$85,000 under G.G. C.44, S7 (9) as amended. This is contingent upon the Town receiving 100% state reimbursement for this purchase.

On Motion of Ernest Manocchio, Jr. to Amend,
It was Moved, Seconded and
VOTED:

To amend the Motion by deleting the last sentence.

After Discussion,
It was Moved, Seconded and
VOTED:

To Move the Question.

On 2/3 Vote Required,
Main Motion of Finance Committee, as Amended was

DEFEATED YES - 41 NO - 63

ARTICLE 10

On Motion of the Finance Committee,
It was Moved, Seconded and
VOTED:

On Substitute Motion of Edward J. Delaney,
It was Moved and Seconded:

That the Town raise and appropriate the sum of \$2,800 for salaries of the Sewer & Water Commissioners.

Motion was: DEFEATED

Main Motion of the Finance Committee
was then:

VOTED

ARTICLE 17

On Motion of the Finance Committee,
It was Moved, Seconded and
VOTED:

That the Town raise and appropriate by transfer from Free Cash the sum of \$16,000 for the purchase of gasoline for various town department for the remainder of Fiscal Year 1980.

ARTICLE 18

On Motion of the Finance Committee,
It was Moved, Seconded and
VOTED:

That the Town raise and appropriate by transfer from Free Cash the sum of \$145,000 for the purchase of fuel oil for the heating of Town buildings for the remainder of Fiscal Year 1980.

ARTICLE 19

On Motion of the Planning Board,
It was Moved and Seconded:

That the town add the following paragraph to the Zoning By-Laws as Section 4-C14 Frontage and Area

A lot, tract or parcel laid out and recorded prior to the effective date of the applicabel area and frontage requirements hereof, and not, on said effective date, adjoining other land of the same owner available for use in connection therewith, may be:

- a. divided into two lots, where each lot resulting from such division has not less than eighty (80) per cent of the required lot area and frontage, or
 - b. divided into as many lots as practicable, each having the required lot area and frontage, plus one remaining lot having not less than eighty (80) per cent of the required area and frontage;
- and a dwelling for not more than one family (where otherwise lawful), or any other permitted building, may be constructed on each such lot.

Motion was: DEFEATED

ARTICLE 20

On Motion of the Planning Board,
It was Moved, Seconded and
VOTED:

That the Town add to the present Zoning By-Laws the following language at the beginning of Section 4-D-1

For all non-residential uses located adjacent to or within a residential zone, the owner of the non-residential use shall provide a buffer zone on his property. Where the non-residential use is located adjacent to the DZBL, the buffer zone shall abut and be parallel to the DZBL. Where the non-residential use is within the residential zone, the buffer zone shall abut and be parallel to the lot lines.

Vote: UNANIMOUS

ARTICLE 21

On Motion of the Finance Committee,
It was Moved, Seconded and
VOTED:

That the Town take NO ACTION.

THERE BEING NO FURTHER BUSINESS TO COME BEFORE THIS SPECIAL TOWN MEETING, IT WAS MOVED, SECONDED AND VOTED THAT THIS MEETING BE DISSOLVED. THE MODERATOR SO DECLARED AT 10:40 PM.

**COMMONWEALTH OF MASSACHUSETTS
TOWN OF WALPOLE
ADJOURNED ANNUAL TOWN MEETING**

APRIL 10, 1980

Norfolk, ss.

The Annual Town Meeting which was recessed at 8 PM to take up the business of the Special Town Meeting, was re-convened at 10:40 PM.

It was Moved, Seconded and
VOTED:

That the School Budget (Article 16) be the first item of business to be taken up on Monday, April 14, 1980 at 7:30 PM.

It was Moved, Seconded and
VOTED:

That this town meeting be adjourned. The Moderator so declared at 10:45 PM.

**COMMONWEALTH OF MASSACHUSETTS
TOWN OF WALPOLE
ADJOURNED ANNUAL TOWN MEETING
(SPRING SESSION)**

APRIL 14, 1980

Norfolk, ss.

Pursuant to the foregoing adjournment of April 10, 1980 the Adjourned Annual Town Meeting was called to order at 7:40 PM by Moderator Robert B. Boyd, Jr. All rules and regulations concerning the calling of an adjourned town meeting were fulfilled and a quorum was present.

The Assembly pledged allegiance to the Flag.

Attorney Thomas McCusker was introduced as he is standing in for Attorney Alphonse Query, Town Counsel, who is hospitalized.

ARTICLE 2

On Resolution offered by the Finance Committee,
It was Moved and Seconded:

That the Finance Committee shall act and report on all financial articles of the Warrant and report in writing with its estimates and recommendations for the final action of the Town, which shall be mailed to each Representative Town Meeting Member and made available to all residents of the Town not later than seven (7) days prior to each Annual or Special town meeting.

Motion was: DEFEATED

On Resolution offered by Ralph E. Knobel, Pct 7 RTM,
It was Moved, Seconded and
VOTED:

BE IT RESOLVED BY THIS TOWN MEETING: That its Moderator pass on to Officer Paul Walukevich of the Walpole Police Department our regrets regarding the incident of earlier this year that resulted in his injury. The Moderator should also express our appreciation for his devotion to duty and how our wishes and prayers are with him for a rapid recovery.

Vote: UNANIMOUS

It was Moved, Seconded and
VOTED:

That Finance Committee Motions be the Main Motions.

ARTICLE 16

On Motion of the Finance Committee,
It was Moved and Seconded:

That the Town raise and appropriate from taxation the sum of \$7,718,739 to cover the expenses of operating the Walpole Public School System for a twelve month period starting July 1, 1980.

On Substitute Motion of the Board of Selectmen,
It was Moved and Seconded:

That the Town appropriate the sum of \$7,643,551 to cover the expense of operating the Walpole Public School System for a twelve month period starting July 1, 1980.

Motion was: DEFEATED

On Substitute Motion of the School Committee,
It was Moved and Seconded:

That the Town raise through taxation the sum of \$7,783,377 to cover the expenses of operating the Walpole Public School System for a twelve month period starting July 1, 1980.

ARTICLE 11

On Motion of the Finance Committee,
It was Moved, Seconded and
VOTED:

That the Town raise and appropriate from taxation the sum of \$58,338 to defray certain salary expenses recommended by the Personnel Board for the new salary schedule.

ARTICLE 12

On Motion of the Finance Committee,
It was Moved, Seconded and
VOTED:

That the Town approve the amendments to the Personnel By-Laws as follows:

SUMMARY OF PERSONNEL BY-LAW CHANGES

Article 5 - Section f, deleted

"Upon recommendation of the Department Head, supported by evidence in writing of special reasons and exceptional circumstances satisfactory to the minimum rate for a position, and such other variances in Salary Plan as it may deem necessary for the proper functioning of the services of the Town."

ARTICLE 12 (cont)

Article 7 - Section a, first line, the word "Present" deleted.

"All present employees included in the Plan shall be eligible to receive any pay based upon their job classification as provided by the schedules adopted herewith. All Adjustments shall be subject to the approval of the Department Head and the Personnel Board."

Article 9 - third line the word "He changed to "an employee"

"When an employee is promoted to a highrate job, he shall enter at the minimum of the job rate or at his own rate,whichever is the higher. An employee may also recieve a step increase at the time if the Department Head feels that qualifications and performance warrant it, and the Personnel Board recommends it."

Article 13 - Section a, second line, the words "with pay"
inserted after Personal Leave

"Regular full time employees shall be entitled to take one (1) day of personal leave with pay per fiscal year."

Article 14 A - first line, the word "Regular" deleted.

"Sick Days: Regular full-time employees will accrue sick leave at the rate of three (3) hours for each week of service (not to exceed fifteen (15) days per year). Sick leave not used in the year in which it accrues, together with any accumulative sick leave standing to the employee's credit and not used in the current year may be accumulated for use in subsequent years up to the maximum of one hundred thirty (130) days."

Article 15 - Section b, the words "in a" inserted after the word hours.

"Overtime at the rate of time and one half shall be paid for all hours worked in excess of thirty-five hours in a scheduled work week."

Article 19 - Change heading from Department Budgets to SALARY BUDGETS.
This Article previously read:

"Each Department Head shall include in the department budget a Pay Adjustment Section, to provide funds for anticipated therefrom only in accordance with the Salary Plan with the approval of the Personnel Board.

The Personnel Board would like the wording changed to:

A salary budget plan to provide funds for anticipated pay adjustments during the year will be developed with the approval of the Personnel Board.

Article 23 - Letter Sections A and B

Article 24 - becomes Section B, under Article 23

ARTICLE 12 (cont)

SUMMARY OF PERSONNEL BY-LAW CHANGES

- A. This By-Law may be amended by vote of the Town at any regular or Special Town Meeting.

On Motion Made and Seconded it was VOTED:

To adopt the proposed By-Law governing the classification of Personnel and the Administration of Standard Rates of salaries and wages as specified in Article 2 of the Special Town Meeting Warrant for action March 22, 1954 and the Classification of Positions and Pay Schedules included in the report of the Wage and Salary Committee with amendments.

- B. To permit adequate study, proposed amendments other than those initiated by the Board shall first be presented to the Board in writing, but not less than forty-five days immediately before the date of the meeting in which it is intended to seek action on the said amendment.

VOTED:

That this annual town meeting be adjourned to Monday, April 28, 1980 at 7:30 PM in the West Junior High School. The Moderator so declared at 10:55 PM.

**COMMONWEALTH OF MASSACHUSETTS
TOWN OF WALPOLE
ADJOURNED ANNUAL TOWN MEETING
(SPRING SESSION)**

APRIL 28, 1980

Norfolk, ss.

Pursuant to the foregoing adjournment of April 23, 1980, the adjourned annual town meeting of the Town of Walpole was called to order at 7:45 PM by Moderator Robert B. Boyd, Jr. All rules and regulations concerning the calling of an adjourned town meeting were fulfilled and a quorum was present.

The Assembly pledged allegiance to the Flag.

The following Tellers were appointed: W. Roderic Bruce and Frank Hiltz.

ARTICLE 35

On Motion of the Board of Selectmen,
It was Moved, Seconded and
VOTED:

That the Town amend the By-Laws, Article IX, Explosive and Inflammable Materials, by adding the following Section 2:

ARTICLE 35 (cont)

All tanks for the storage of liquids, other than water, stored underground in the Town of Walpole shall be encased in approved concrete vaults; except that, tanks with a capacity of 2000 gallons or less used exclusively for the storage of number two light fuel oil may be installed underground without a concrete vault, in an approved location. Approvals for tank installations shall be by the Chief of the Fire Department, and the Building Inspector, or their designated agents.

For the purpose of this regulation, the penalty for any violation shall be a fine of not less than \$20.00 and not more than 200.00. Each day that such violation continues shall constitute a separate offense.

Fee for the installation of underground tanks that require a permit from the head of the Fire Department - \$5.00.

ARTICLE 36

On Motion of the Finance Committee,
It was Moved, Seconded and
VOTED:

That the Town raise and appropriate from taxation the sum of \$1,500 for the "Night Before the Fourth" Celebration.

ARTICLE 37

On Motion of the Finance Committee,
It was Moved, Seconded and
VOTED:

That the Town raise and appropriate from taxation the sum of \$1,500 for Christmas Lighting.

ARTICLE 38

On Motion of the Finance Committee,
It was Moved, Seconded and
VOTED:

That the Town raise and appropriate from taxation the sum of \$26,000 for the rendering of nursing services in the areas of Health Supervision for tuberculosis control including intradermal tuberculin testing, assistance to schools in T.B. survey, maternal and child health, control of communicable diseases, provision of clinics including immunization programs for children, mental health and retardation programs, adult health supervision including health maintenance for Senior Citizens.

ARTICLE 39

On Motion of the Finance Committee,
It was Moved and Seconded:

ARTICLE 39 (cont)

On Motion of the Finance Committee,
It was Moved and Seconded:

That the Town raise and appropriate from taxation the sum of \$104,000 to construct storm drains and appurtenant structures to provide improved drainage in the Pickerel Brook Drainage area. (This is subject to all proper easements being obtained from Home Building Company to the Town of Walpole prior to the beginning of construction.)

On Substitute Motion of Roy G. Fisher,
It was Moved and Seconded:

That the Town appropriate \$60,000 for engineering services to design storm drains and appurtenances in accordance with the Pickerel Brook Drainage Study by Camp Dresser & McKee, Inc. dated July 1978. Said design to include all easements and any betterment charges that may be applicable.

After Discussion
It was Moved, Seconded and
VOTED:

To Move the Question on the Substitute Motion.

Substitute Motion then became the Main Motion,
As Main Motion was:

VOTED

ARTICLE 2

On Resolution of Robert W. Foster,
It was Moved, Seconded and
VOTED:

RESOLVED:

That the town be instructed to dig a ditch at the end of Ponderosa Lane to alleviate the local conditions of flooding in accordance with the advice of Camp, Dresser & McKee and negotiate with the Home Building Company for temporary use of any land necessary to provide runoff area if it so required to do so from a legal point of view.

ARTICLE 13

On Motion of the Finance Committee,
On 2/3 Vote Required,
It was Moved and Seconded:

That this Town Meeting reconsider its vote on a swim team budget for this coming year and that it vote the amount of \$4,300 as originally requested.

Motion was: DEFEATED YES - 53 NO - 31

ARTICLE 40

On Motion of the Finance Committee,
It was Moved, Seconded and
VOTED:

That the town raise and appropriate from taxation the sum of \$45,000 to reconstruct stormwater drains and appurtenances in Charlotte Road/Marston Road area. (No work to commence on this project unless all easements are obtained prior to Town Meeting.)

ARTICLE 41

On Motion of the Finance Committee,
It was Moved, Seconded and
VOTED:

That the town raise and appropriate by transfer from Sewer Available Surplus the sum of \$70,000 to construct approximately 660 L. F. of sanitary sewer lines and appurtenances in conjunction with road and bridge improvements to be made by the Commonwealth of Massachusetts at the East Street bridge.

ARTICLE 42

On Motion of the Finance Committee,
It was Moved, Seconded and
VOTED:

That the Town raise and appropriate from taxation the sum of \$24,000 to replace the roof of the High Plain Street Water Tank.

ARTICLE 43

On Motion of the Finance Committee,
It was Moved and Seconded:

That the Town appropriate the sum of Two Hundred Fifty Eight Thousand Dollars (258,000) for partial implementation of the Water System Master Plan by Weston & Sampson dated 1979, to include cleaning and lining a portion of 12" water main on High Plain Street and East Street totaling approximately 6100 L.F. and construction of a 12" water main on East Street from Main Street to Elm Street totaling approximately 1200 L.F.

Substitute Motion was:
DEFEATED

After Discussion,
It was Moved, Seconded and
VOTED:

ARTICLE 43 (cont)

To Move the Question.

Main Motion of the Finance Committee
was then:

DEFEATED

On Motion of the Finance Committee,
It was Moved, Seconded and
- VOTED:

That the Town take NO ACTION.

ARTICLE 45

On Motion of the Finance Committee,
It was Moved and Seconded:
That the Town take NO ACTION.

On Substitute Motion of the Sidewalk Commission,
It was Moved and Seconded:

That the Town raise by taxation the sum of \$23,700 to construct a
bituminous concrete sidewalk from the end of the existing sidewalk at
house number 93 Summer Street, to Winter Street a distance of 1,400
feet.

Substitute Motion was: DEFEATED

MAIN MOTION of the Finance Committee,
was then:

VOTED

ARTICLE 46

On Motion of the Finance Committee,
It was Moved, Seconded and
VOTED:

That the Town raise and appropriate from taxation the sum of \$21,300
to repair and/or reconstruct sidewalks at the following locations:

Stone Street

Chandler Avenue & Conifer Drive

ARTICLE 46 (cont)

It was Moved, Seconded and
VOTED:

That this annual town meeting be adjourned to Wednesday, April 30, 1980 at 8:30 PM in the West Junior High School. The Moderator so declared at 10:50 PM.

**COMMONWEALTH OF MASSACHUSETTS
TOWN OF WALPOLE
ADJOURNED ANNUAL TOWN MEETING
(SPRING SESSION)**

APRIL 30, 1980

Norfolk, ss.

Pursuant to the foregoing adjournment of April 28, 1980 the adjourned session of the Annual Town Meeting was called to order at 7:55 PM by Moderator Robert B. Boyd, Jr. All rules and regulations concerning the calling of an adjourned town meeting were fulfilled and a quorum was present.

The Assembly pledged allegiance to the Flag.

The following Tellers were appointed: Frank Hilts and Harry Angus.

ARTICLE 47

On Motion of the Board of Selectmen,
It was Moved, Seconded and
VOTED:

That the Town accept the following streets:

RIDGE ROAD from the limit of the former acceptance at station 15 + 16.59 to station 24 + 91.75 at High Street, bounded and described as follows:

The northerly line of this layout begins at a point on the terminus of the 1977 acceptance of Ridge Road, said point being N88-19-52E a distance of 350.95 feet from a stone bound on said northerly line of Ridge Road; thence from the point of beginning running N88-19-52E a distance of 254.41 feet; thence running northeasterly by a curve of radius equal to 303.00 feet a distance of 180.46 feet; thence running

ARTICLE 47 (cont)

N54-12-28E a distance of 505.56 feet; thence running northeasterly, northerly and northwesterly by a curve of radius equal to 23.00 feet a distance of 36.13 feet to a point on High Street, said point being the terminus of this line of the layout.

DOGWOOD DRIVE from station 0 + 0 at Ridge Road to station 4 + 55, bounded and described as follows:

This layout begins at a point on the northerly line of Ridge Road, said point being N88-19-52E a distance of 152.26 feet from a stone bound on said northerly line at Ridge Road; thence from the point of beginning running northeasterly by a curve of radius equal to 20.00 feet a distance of 30.79 feet; thence running N00-07-41E a distance of 109.15 feet; thence running northeasterly, northerly and northwesterly by a curve of radius equal to 150.00 feet a distance of 68.32 feet, thence running N25-58-08W a distance of 175.65 feet; thence running northwesterly by a curve of radius equal to 30.00 feet a distance of 28.23 feet; thence running northwesterly, northerly, northeasterly, easterly, southeasterly southerly, and southwesterly by a curve of radius equal to 60.00 feet a distance of 301.43 feet; thence turning southwesterly, southerly, and southeasterly by a curve of radius equal to 30.00 feet a distance of 28.23 feet; thence running S25-58-08E a distance of 175.65 feet; thence running southeasterly, southerly and southwesterly by a curve of radius equal to 196.00 feet a distance of 89.27 feet; thence running S00-07041W a distance of 106.45 feet; thence running southwesterly, southerly, southeasterly, easterly, and northeasterly by a curve of radius equal to 20.00 feet a distance of 32.04 feet to a point on the northerly line of Ridge Road, said point being the terminus of this layout and said point being N88-19-52E a distance of 86.04 feet from the point of beginning of this layout, thereby making a way of uniform width of 46.00 feet, except where the lines of said way are connected to Ridge Road and at the cul-de-sac, the width at these points is thereby increased.

HICKORY LANE from station 0 + 0 at Ridge Road to station 4 + 53, bounded and described as follows:

The layout begins at a point on the northerly line of Ridge Road, said point being N88-19-52E a distance of 351.62 feet from a stone bound on said northerly line of Ridge Road; thence from the point of beginning running northeasterly, northerly, and northwesterly by a curve of radius equal to 30.00 feet a distance of 47.12 feet; thence running N01-40-08W a distance of 300.91 feet, thence running northwesterly by a curve of radius equal to 30.00 feet a distance of 41.76 feet, thence turning and running northwesterly, northerly, northeasterly, easterly, and southeasterly by a curve of radius equal to 60.00 feet a distance of 272.02 feet, thence running S01-40-08E a distance of 374.03 feet; thence running southeasterly, easterly, and northeasterly, by a curve of radius equal to 30.00 feet a distance of 57.27 feet to a point on the northerly line of Ridge Road, said point being the terminus of this layout and said point being N88-19-52E a distance of 15.44 feet and further northeasterly by a curve of radius equal to 303.00 feet a distance of 102.46 feet from the point of beginning of this layout, thereby making a way of uniform width of 46.00 feet except where the lines of said way are connected to Ridge Road and at the cul-de-sac, the width at

ARTICLE 47 (cont)

these points is thereby increased.

Ridge Road, Dogwood Drive and Hickory Lane are all shown on a plan entitled "Town of Walpole, Mass., Dogwood Drive, Hickory Lane Ridge Road - Street Acceptance Plan", dated February 1, 1980, by Peter Boghossian, Town Engineer.

HOPE STREET from station 0 + 0 at Pemberton Street to station 4 + 6.4 at Robert Street, bounded and described as follows:

The northerly line of this layout begins at a point on the easterly line of Pemberton Street, said point being S39-48-00E a distance of 5.54 feet from a stone bound on said easterly line of Pemberton Street; thence from the point of beginning running southeasterly, easterly, and northeasterly by a curve of radius equal to 21.92 feet a distance of 32.42 feet; thence running N55-27-20E a distance of 368.55 feet; thence running northeasterly, northerly, and northwesterly by a curve of radius equal to 20.00 feet a distance of 31.42 feet to a point on the westerly line of Robert Street, said point being the terminus of this line of this layout.

The southerly line of this layout begins at a point on the easterly line of Pemberton Street, said point being S39-48-00E a distance of 71.73 feet from a stone bound on the easterly line of Pemberton St.; thence from the point of beginning running N55-27-20E a distance of 384.32 feet; thence running northeasterly, easterly, and southeasterly by a curve of radius equal to 20.00 feet; a distance of 31.42 feet to a point on the westerly line of Robert Street, said point being the terminus of this line of this layout, and being S34-34-40E a distance of 86.00 feet from the terminus of the above described northerly line of this layout; thereby making a way of uniform width of 46.00 feet except where the lines of said way are connected to Pemberton Street and Robert Street, the width of these points is thereby increased.

ROBERT STREET from station 0 + 0 at North Street to station 5 + 30, bounded and described as follows:

The layout begins at a point on the easterly side of Robert Street, said point being S55-12-52W a distance of 167.58 feet and further southwesterly, southerly, and southeasterly, by a curve of radius equal to 20.00 feet a distance of 31.33 feet from a stone bound on the southerly line of Carol Drive; thence from the point of beginning running S34-32-40E a distance of 21.79 feet; thence running southeasterly by a curve of radius equal to 20.00 feet a distance of 16.33 feet; thence turning and running southeasterly, southerly southwesterly, westerly, northwesterly, northerly, and northeasterly by a curve of radius equal to 55.00 feet a distance of 277.68 feet; thence running northeasterly, northerly, and northwesterly by a curve of radius equal to 10.00 feet a distance of 21.81 feet; thence running N34-32-40W a distance of 349.72 feet; thence running northwesterly, westerly, and southwesterly by a curve of radius equal to 20.00 feet a distance of 28.47 feet; thence turning and running southwesterly, westerly, northwesterly, northeasterly, easterly, and southeasterly by a curve of radius equal to

ARTICLE 47 (cont)

55.00 feet a distance of 251.09 feet; thence running S34-32-40E a distance of 413.98 feet to the point of beginning, said point being the terminus of this layout, thereby making a way of uniform width of 46.00 feet except where the lines of said way are connected at the cul-de-sac, the width at these points is thereby increased.

CAROL DRIVE from station 0 + 0 at North Street to station 3 + 3.47 at Robert Street, bounded and described as follows:

The southerly line of this layout begins at a point on the westerly line of North Street, said point being northwesterly be a curve of radius equal to 2040.00 feet a distance of 206.43 feet from a stone bound on the westerly line of North Street; thence form the point of beginning running northwesterly, westerly, and southwesterly by a curve of radius equal to 20.00 feet a distance of 31.42 feet, thence running S55-12-52W a distance of 96.00 feet; thence running S34-47-16E a distance of 6.00 feet; thence running S55-12-52W a distance of 167.58 feet; thence running southwesterly, southerly, and southeasterly by a curve of radius equal to 20.00 feet a distance of 31.33 feet to a point on the easterly line of Robert Street said point being the terminus of this line of this layout.

Hope Street, Robert Street and Carol Drive are all shown on a plan entitled "Town of Walpole, Mass., Carol Drive, Hope Street and Robert Street - Street Acceptance Plan", dated February 1, 1980, by Peter Boghossian, Town Engineer.

ARTICLE 48

The Planning Board made its oral report to this town meeting recommending acceptance by the town of this amendment to the Zoning By-Laws.

On 2/3 Vote Required,
On Motion of the Planning Board,
It was Moved, Seconded and
VOTED:

That the Town amend Section 7-A of the Town Zoning By-Laws as follows:

By adding the words "which use is more intensive than the existing use" after the words "existing building" in the first sentence, and by adding the following at the end of the section:

"For the purpose of this section a proposed use shall be more intensive than the existing use if the proposed use

1. will have more pedestrian or vehicular traffic than the existing use
2. will have more employees than the existing use
3. will need more parking spaces as required by Section 5 of these by-laws than the existing use or
4. will make use of a greater percentage of the lot area than the existing use or
5. is a use which is permitted as a matter of right in a district which is lower in the Order of Restrictiveness (Section 2-1)

ARTICLE 48 (cont)

5. than the district in which the existing use is permitted as a matter of right or
6. would require a special permit in the district in which the existing use is permitted as a matter of right, all so as to substantially effect the immediate neighborhood."

VOTE: YES - 55 NO - 19 Abstain - 1

ARTICLE 49

On Motion of the Finance Committee,
It was Moved, Seconded and
VOTED:

That the Town raise and appropriate from taxation the sum of \$500 to stock trout at Cark's Pond for the annual fishing derby held for the benefit of the Town.

ARTICLE 50

On Motion of the Finance Committee,
It was Moved, Seconded and
VOTED:

That the Town raise and appropriate from taxation the sum of \$25,000 for the Conservation Commission to be placed in the Conservation Fund as authorized in Clause 51 of Section 5 of Chapter 40 of the General Laws.

ARTICLE 51

On Motion of the Finance Committee,
It was Moved, Seconded and
VOTED:

That the Town approve the transfer from the Conservation Fund the sum of \$5,000 to purchase in accordance with the provisions of Chapter 40, Section 8-C of the General Laws, Lots G-0702, 0703, 0704, 0705, 0707, 0222 and 0223, off Main Street (Cedar Swamp) as shown on Assessors Map G-2, totaling 17 acres more or less, and to authorize the Walpole Conservation Commission to file on behalf of the Town any and all applications deemed necessary for grants and/or reimbursements under Chapter 132A, Section 11 of the Massachusetts General Laws, and that said Commission be authorized to execute any instruments as may be necessary on behalf of the Town to effect said purchase and said applications for grants and/or reimbursements.

ARTICLE 52

On Motion of the Finance Committee,
It was Moved, Seconded and
VOTED:

That the Town take NO ACTION.

ARTICLE 54

On Motion of the Finance Committee,
It was Moved, Seconded and
VOTED:

That the Town use the amount of \$63,997.41 from the Unexpended Balances
in certain articles to reduce the tax rate.

ARTICLE 34 (cont)

It was Moved, Seconded and
VOTED:

That this annual town meeting be adjourned to Monday, April 28, 1980 at 7:30 PM in the West Junior High School. The Moderator so declared at 10:55 PM.

**COMMONWEALTH OF MASSACHUSETTS
TOWN OF WALPOLE
ADJOURNED ANNUAL TOWN MEETING
(SPRING SESSION)**

APRIL 28, 1980

Norfolk, ss.

Pursuant to the foregoing adjournment of April 23, 1980, the adjourned annual town meeting of the Town of Walpole was called to order at 7:45 PM by Moderator Robert B. Boyd, Jr. All rules and regulations concerning the calling of an adjourned town meeting were fulfilled and a quorum was present.

The Assembly pledged allegiance to the Flag.

The following Tellers were appointed: W. Roderic Bruce and Frank Hilts.

ARTICLE 35

On Motion of the Board of Selectmen,
It was Moved, Seconded and
VOTED:

That the Town amend the By-Laws, Article IX, Explosive and Inflammable Materials, by adding the following Section 2:

ARTICLE 35 (cont)

All tanks for the storage of liquids, other than water, stored underground in the Town of Walpole shall be encased in approved concrete vaults; except that, tanks with a capacity of 2000 gallons or less used exclusively for the storage of number two light fuel oil may be installed underground without a concrete vault, in an approved location. Approvals for tank installations shall be by the Chief of the Fire Department, and the Building Inspector, or their designated agents.

For the purpose of this regulation, the penalty for any violation shall be a fine of not less than \$20.00 and not more than 200.00. Each day that such violation continues shall constitute a separate offense.

Fee for the installation of underground tanks that require a permit from the head of the Fire Department - \$5.00.

ARTICLE 36

On Motion of the Finance Committee,
It was Moved, Seconded and
VOTED:

That the Town raise and appropriate from taxation the sum of \$1,500 for the "Night Before the Fourth" Celebration.

ARTICLE 37

On Motion of the Finance Committee,
It was Moved, Seconded and
VOTED:

That the Town raise and appropriate from taxation the sum of \$1,500 for Christmas Lighting.

ARTICLE 38

On Motion of the Finance Committee,
It was Moved, Seconded and
VOTED:

That the Town raise and appropriate from taxation the sum of \$26,000 for the rendering of nursing services in the areas of Health Supervision for tuberculosis control including intradermal tuberculin testing, assistance to schools in T.B. survey, maternal and child health, control of communicable diseases, provision of clinics including immunization programs for children, mental health and retardation programs, adult health supervision including health maintenance for Senior Citizens.

ARTICLE 39

On Motion of the Finance Committee,
It was Moved and Seconded:

ARTICLE 39 (cont)

On Motion of the Finance Committee,
It was Moved and Seconded:

That the Town raise and appropriate from taxation the sum of \$104,000 to construct storm drains and appurtenant structures to provide improved drainage in the Pickerel Brook Drainage area. (This is subject to all proper easements being obtained from Home Building Company to the Town of Walpole prior to the beginning of construction.)

On Substitute Motion of Roy G. Fisher,
It was Moved and Seconded:

That the Town appropriate \$60,000 for engineering services to design storm drains and appurtenances in accordance with the Pickerel Brook Drainage Study by Camp Dresser & McKee, Inc. dated July 1978. Said design to include all easements and any betterment charges that may be applicable.

After Discussion
It was Moved, Seconded and
VOTED:

To Move the Question on the Substitute Motion.

Substitute Motion then became the Main Motion,
As Main Motion was:

VOTED

ARTICLE 2

On Resolution of Robert W. Foster,
It was Moved, Seconded and
VOTED:

RESOLVED:

That the town be instructed to dig a ditch at the end of Ponderosa Lane to alleviate the local conditions of flooding in accordance with the advice of Camp, Dresser & McKee and negotiate with the Home Building Company for temporary use of any land necessary to provide runoff area if it so required to do so from a legal point of view.

ARTICLE 13

On Motion of the Finance Committee,
On 2/3 Vote Required,
It was Moved and Seconded:

That this Town Meeting reconsider its vote on a swim team budget for this coming year and that it vote the amount of \$4,300 as originally requested.

Motion was: DEFEATED YES - 53 NO - 31

ARTICLE 40

On Motion of the Finance Committee,
It was Moved, Seconded and
VOTED:

That the town raise and appropriate from taxation the sum of \$45,000 to reconstruct stormwater drains and appurtenances in Charlotte Road/Marston Road area. (No work to commence on this project unless all easements are obtained prior to Town Meeting.)

ARTICLE 41

On Motion of the Finance Committee,
It was Moved, Seconded and
VOTED:

That the town raise and appropriate by transfer from Sewer Available Surplus the sum of \$70,000 to construct approximately 660 L. F. of sanitary sewer lines and appurtenances in conjunction with road and bridge improvements to be made by the Commonwealth of Massachusetts at the East Street bridge.

ARTICLE 42

On Motion of the Finance Committee,
It was Moved, Seconded and
VOTED:

That the Town raise and appropriate from taxation the sum of \$24,000 to replace the roof of the High Plain Street Water Tank.

ARTICLE 43

On Motion of the Finance Committee,
It was Moved and Seconded:

That the Town appropriate the sum of Two Hundred Fifty Eight Thousand Dollars (258,000) for partial implementation of the Water System Master Plan by Weston & Sampson dated 1979, to include cleaning and lining a portion of 12" water main on High Plain Street and East Street totaling approximately 6100 L.F. and construction of a 12" water main on East Street from Main Street to Elm Street totaling approximately 1200 L.F.

Substitute Motion was:
DEFEATED

After Discussion,
It was Moved, Seconded and
VOTED:

COMMONWEALTH OF MASSACHUSETTS

TOWN OF WALPOLE

SEPTEMBER 25, 1980

MEETING OF PRECINCT 3 RTM MEMBERS FOR THE

PURPOSE OF RESOLVING A TIE VOTE

At a meeting held on September 25, 1980 in the West Junior High School for the purpose of resolving a tie vote in the RTM Membership in Precinct 3, in accordance with Section 2-6 (C) of the Walpole Home Rule Charter, the following action was taken: Clifford E. Barnes, Jr. was elected Chairman and Town Clerk Louis E. Hoegler was designated Clerk.

Edward L. Hartmann, Jr. 71 Diamond Street was chosen to fill the one year term; Walter H. Pelrine, 41 Clark Avenue was chosen to fill the two year term.

MEETING OF PRECINCT 5 RTM MEMBERS FOR THE

PURPOSE OF FILLING A VACANCY

At a meeting held on September 25, 1980 in the West Junior High School for the purpose of filling a vacancy in the RTM Membership in Precinct 5, in accordance with Section 2-7 (B) 1 of The Walpole Home Rule Charter, the following action was taken: Ronald A. Fucile was elected Chairman and Town Clerk, Louis E. Hoegler was designated Clerk.

James G. Harris, 108 Lincoln Road was chosen to fill the vacancy created by the death of Eleanor N. Johnson.

COMMONWEALTH OF MASSACHUSETTS TOWN OF WALPOLE SPECIAL TOWN MEETING

SEPTEMBER 25, 1980

Norfolk, ss.

Pursuant to the foregoing warrant of September 25, 1980 the Special Town Meeting of the Town of Walpole was called to order by Moderator Robert B. Boyd, Jr. at 7:35 PM. All rules and regulations concerning the calling of a special town meeting were fulfilled and a quorum was present.

Town Clerk, Louis E. Hoegler, attested to proper return of the warrant.

ARTICLE 2

On Resolution offered by Guy H. Giampapa, RTM Pct 2,
It was Moved, Seconded and
VOTED:

RESOLVED: That we, the Representative Town Meeting Members of the Town of Walpole inscribe upon the records of this Special Town Meeting of September 25, 1980 our recognition and sincere appreciation of the contributions rendered by the late Eleanor N. Johnson through her faithful service to the Town of Walpole as a memeber of the School Committee from 1950 through 1962, as a member of the Board of Selectmen and Norfolk County Selectmen's Association from 1964 through 1974 as a member of the Housing Authority from 1974 to 1980 and as a Representative Town Meeting Member from 1970 to 1980; and that a moment of silence be observed to honor the memory of this great lady.

VOTE: UNANIMOUS

On Resolution offered by Bernard J. Duffy, RTM Pct 3,
It was Moved and Seconded:

Be it Resolved that:

The annual salaries of municipal employees not be published in the book of Finance Committee recommendations for the Spring Annual Town Meeting.

ARTICLE 2 (cont)

It is recommended that a handout be prepared specifically for town meeting members to assist them in their deliberations.

Said handout shall consist of base salaries plus any additional payments broken out separately.

This information shall be available no later than the first session of the Spring Annual Town Meeting.

Resolution was: DEFEATED

It was Moved, Seconded and
VOTED:

To waive the reading of the warrnat.

It was Moved, Seconded and
VOTED:

That all Finance Committee motions be the Main Motion.

ARTICLE 1

On Motion of the Finance Committee,
It was Moved, Seconded and
VOTED:

That the Town approve the monetary items in an agreement between the Town of Walpole and the Massachusetts Coalition of Police - IUPA (AFL - CIO) Local 115, and raise and appropriate by transfer from Free Cash the sum of \$119,243 to defray the costs of said agreement for the period July 1, 1979 through June 30, 1981.

ARTICLE 3

After Discussion,
It was Moved, Seconded and
VOTED:

To Move the Question.

On Motion of the Finance Committee,
It was Moved, Seconded and
VOTED:

That the Town raise and appropriate by transfer from Free Cash the sum of \$9,823 to reconstruct stormwater drains and appurtenances on Washington Street approximately 400 feet north of the intersection of Washington and Common Streets.

ARTICLE 4

It was Moved, Seconded and
VOTED:

NO ACTION.

ARTICLE 5

On Motion of the Finance Committee,
It was Moved, Seconded and
VOTED:

That the Town raise and appropriate by transfer from Free Cash the sum of \$30,000 to reconstruct approximately 280 feet of sanitary sewer and appurtenances on Stone Street.

ARTICLE 6

To Move the Question.

Substitute Motion was then:

DEFEATED

Main Motion of the Finance Committee,
was then

VOTED

THERE BEING NO FURTHER BUSINESS TO COME BEFORE THIS SPECIAL TOWN MEETING,
IT WAS MOVED, SECONDED AND VOTED THAT THIS MEETING BE DISSOLVED. THE
MODERATOR SO DECLARED AT 9:30 PM.

**COMMONWEALTH OF MASSACHUSETTS
TOWN OF WALPOLE
ANNUAL TOWN MEETING
FALL SESSION FY 80-81**

OCTOBER 20, 1980

Norfolk, ss.

Pursuant to the foregoing warrant of October 20, 1980 the Annual Town Meeting, Fall Session, was called to order at 7:35 PM by Moderator Robert B. Boyd, Jr. All rules and regulations concerning the calling of a town meeting were fulfilled and a quorum was present.

The Assembly pledged allegiance to the Flag.

Town Clerk, Louis E. Hoegler, attested to proper return of the warrant.

It was Moved, Seconded and
VOTED:

To waive the reading of the warrant.

It was Moved, Seconded and
VOTED:

That all motions of the Finance Committee be Main Motions.

The following Tellers were appointed: W. Roderic Bruce and Harry Angus.

ARTICLE 1

On Motion of the Finance Committee,
It was Moved, Seconded and
VOTED:

That the Town take NO ACTION on this article.

ARTICLE 2

No reports were submitted.

ARTICLE 3

On Motion of the Finance Committee,
It was Moved, Seconded and
VOTED:

That the Town amend the Walpole Home Rule Charter, Section 3-2, Board of Selectmen, by adding the following (B) (9) and (B) (10):

- (B) (9) Power to sell Town-owned property. The Selectmen shall have the authority to sell any and all property now owned by the Town, or to be acquired, as a right of foreclosing rights of redemption in said property.
- (B) (10) Power to dispose of or sell certain used furniture and equipment owned by the Town. The Selectmen shall have the authority to sell or otherwise dispose of certain used furniture and equipment owned by the Town.

ARTICLE 4

On Motion of the Finance Committee,
It was Moved, Seconded and
VOTED:

That the Town amend the Walpole Home Rule Charter, Section 3-8, Tax Collector, by adding the following to Section (B):

The Tax Collector is authorized in collecting taxes to use all means which the Treasurer may use when appointed Collector.

The Tax Collector is authorized in collecting water rates and services to follow the rules and regulation. of the Water Department.

The Tax Collector is authorized in collecting sewer assessments to follow the rules and regulations of the Sewer Department.

ARTICLE 5

On Motion of the Finance Committee,
It was Moved, Seconded and
VOTED:

That the Town amend the Town By-Laws by adding the following Section 3 to Article VIII:

- (3) Street numbers shall be provided for each dwelling, business, industry and other buildings in the Town of Walpole.

ARTICLE 5 (cont)

- (a) The numbers shall be made of permanent, weatherproof materials, shall be at least three (3) inches in height and shall be clearly visible from the street or roadway upon which the structure fronts;
- (b) The numbers shall be placed on each structure or a suitable support near the main entrance to the structure so as to be visible;
- (c) The numbers shall be those assigned to each structure by the Engineering Department and filed in the office of the Town Clerk;
- (d) It shall be the responsibility of each property owner in the Town to obtain and display the appropriate street number within ninety (90) days of the effective date of this by-law;
- (e) This by-law shall be enforced by the Board of Selectmen through the office of the Building Inspector. Failure to comply with this by-law shall subject property owner to a fine not to exceed \$20.00.

ARTICLE 6

On Motion of the Finance Committee,
It was Moved and Seconded:

That the Town amend the By-Laws, Article IX, Section 2, Explosive and Inflammable Materials to read as follows:

All tanks for the storage of liquids, other than water, stored underground in the Town of Walpole shall be encased in approved concrete vaults; except that tanks with a capacity of 2,000 gallons or less used exclusively for the storage of number two light fuel oil may be installed underground without a concrete vault, in a location approved by the Sewer & Water Commissioners.

Approvals for tank installations shall be by the Chief of the Fire Department, and the Building Inspector, or their designated agents.

For the purpose of this regulation, the penalty for any violation shall be a fine of not less than \$20.00 nor more than \$200.00. Each day that such violation continues shall constitute a separate offense.

Fee for the installation of underground tanks that require a permit form the head of the Fire Department - \$5.00.

On Substitute Motion of the Board of Selectmen,
It was Moved and Seconded:

That the Town take NO ACTION on this article.

It was Moved, Seconded and
VOTED:

That the Town raise and appropriate by transfer from the Conservation Fund, the sum of \$68,000 to purchase in accordance with the provisions of Chapter 40, Section 8-C of the General Laws, Lots B-308-B, B-307, B-304-A, B-214-A off High Street, as shown on Assessors' map B-3 and B-2, and Lot D-228 as shown on Assessors' map D-2, totaling 37 acres, more or less and to authorize the Walpole Conservation Commission to file on behalf of the town any and all applications deemed necessary for grants and/or reimbursements under Chapter 132A, Section 11 of the Massachusetts General Laws, and that said commission be authorized to execute any instruments as may be necessary on behalf of the town to effect said purchase and said applications for grants and/or reimbursements.

VOTE: YES - 106 NO- 2

ARTICLE 23

On Motion of the Finance Committee,
It was Moved and Seconded:

That the Town take NO ACTION on accepting an amendment to the Agreement establishing the Tri-County Regional vocational Technical School District ("Tri-County") as proposed by vote of the Tri-County School Committee by vote adopted on May 23, 1979. The amendment provides for

ARTICLE 23 (cont)

the admission of the Town of Dover and specified (a) that Dover will have one member of the School committee appointed by the Moderator, the Chairman of the Board of Selectmen and the Chairman of the School Committee acting jointly, for a three year term; (b) that for the first year of its membership Dover will contribute as its entire share of the operating costs and capital costs of Tri-County for such year an amount equal to what it would pay if the students from Dover enrolled in Tri-County were tuition students, and Dover will also be responsible for all the transportation costs of those students. After its first year of membership Dover will pay its share of operating costs and capital costs apportioned in accordance with Section IV of the Agreement, and in addition, shall as partial reimbursement to the members of Tri-County for their payments of capital costs on Tri-County's original school building, Dover will pay to Tri-County for a period of six years, commencing with the second year of Dover's membership and ending in the seventh year of such membership, an annual surcharge of \$20,000; and (c) following its acceptance to the amended Tri-County agreement and the acceptance by each of the existing member towns and the amendment admitting Dover. Copies of the Tri-County agreement as amended and of the inspection at the office of the Town Clerk.
(Petition of Gregory Yergatian and others.)

On Substitute Motion of Sidney F. Hatch,
It was Moved and Seconded:

That Favorable Action be taken on this article.

It was Moved, Seconded and
VOTED:

That the Substitute Motion become the Main Motion.

VOTE: UNANIMOUS

After Discussion,
It was Moved, Seconded and
VOTED:

To Move the Question.

Main Motion was then:

DEFEATED

On Challenge to the Call of the Vote,
A Standing Vote was taken: YES - 43 NO - 59

RESOLUTION

On Resolution offered by

ARTICLE 23 (cont)

It was Moved, Seconded and
VOTED:

BE IT RESOLVED: That this Town Meeting would recommend reconsideration of the prior negative vote on allowing Dover, or any other town, entrance to Tri-County if and when the Tri County Charter is adjusted to allow Committee voting action to be proportionate to the student contribution to school population by each town.

ARTICLE 24

On Motion of the Finance Committee,
It was Moved, Seconded and
VOTED:

That the Town accept Orchard Drive from station 0 + 0 at Johnson Drive to station 5 + 80, as shown on a plan entitled "Town of Walpole, Mass., Orchard Drive Street Acceptance Plan", dated February 1, 1980, by Peter Boghossian, Town Engineer.

VOTE: UNANIMOUS

THERE BEING NO FURTHER BUSINESS TO COME BEFORE THIS TOWN MEETING, IT WAS MOVED, SECONDED AND VOTED THAT THIS MEETING BE DISSOLVED. THE MODERATOR SO DECLARED AT 11:10 PM.
